- * Take the first semester; if you are taking only one course at a time, take HSAD 5013, then take HSAD 5103 the next semester.
- ** Meet with the program coordinator to discuss the elective that best meets your career goals.
- *** Last course in the series.

Submit this form to the department secretary upon enrolling as a post-baccalaureate student seeking the certificate.

If you are thinking of applying to the master's program in Health Services Administration, remember that only nine graduate credits earned before admission to the master's program may be applied toward the degree. Therefore, be sure to complete the application process to the program prior to completing the fourth course.
