The Midwestern State University History club is open to all undergraduate and graduate students interested in the past. Welcoming all majors, regardless of GPA, the organization helps expose students to a vast array of historical themes like government, agriculture, environment, economics, labor, military, science, technology, literature, art, philosophy, and religion. Offering a setting outside the classroom, it allows them the chance to meet others with similar interests, promote cultural awareness, exchange ideas and develop leadership skills.

If you would like to be on our contact list, please contact faculty advisor Dr. Whitney Snow at whitney.snow@mwsu.edu or (940)-397-8917.

Activities include movie/pizza nights, board games, discussions, fieldtrips, workshops on resume writing, research, conferences and much more!

**Membership Perks:**
