## ***America the Beautiful 2: The Thin Commandments***

The Department of Sociology, Association for Social and Behavioral Sciences, MSU Counseling Center, University Programming Board, and the Office of Student Development and Orientation present *America the Beautiful 2: The Thin Commandments* at 5:30 p.m. Friday, November 18, in CSC Shawnee Theater. In an instant, 29 million Americans became fat, out of shape and dangerously obese, and they did it without taking a single bite of food. It was all the result of a decision to change the national standard for obesity. The question is "What was behind a ruling to declare so many people be fat? Was it political, financial, or for the good of humankind?" You'll find out that diet companies have raked in huge profits because of the new standards—guidelines the weight loss industry helped structure. Film director Darryl Roberts will be available for questions after the screening.
