The Office of Student Development & Orientation will present the first of several one-day Mustangs Orientation & Registration Experiences (M.O.R.E.) on Thursday, May 28. Students who participate in an early orientation session will be eligible to take advantage of early advising and registration. Session space is limited to 150 students. The day prior to each session will be available for students

Orientation session days will consist of an orientation program, student services fair, advising and registration for students (who have not previously completed advising). Each session will be open to any student regardless of transfer hours or term (Summer I/II or Fall), though targeted promotions for transfer students will encourage participation in one of five events. A separate parent/guest program will be available for each session, as well. Transfer students are encouraged to attend this orientation. For more information, call ext. 4500.
