## CAMPUS NEWS

### Winter Weather Communication Procedures

Although our region continues to experience a roller coaster winter season, the following communication procedures will be followed to communicate closures or delays. In most winter weather situations, a decision to close or delay will be announced prior to 6 a.m. More specifically, you may access information per the following:

- The MSU homepage ([www.mwsu.edu](http://www.mwsu.edu)) has a weather alert box with campus status updates. "GREEN" status means campus is open, "YELLOW" status means campus is open with caution encouraged, and "RED" status means campus is closed. The status will be accompanied by instructions.
- Local media will be informed of the decision and may broadcast on their websites and morning news programs.
- The MSU Alert system will broadcast any decision to close or delay. If you would like to change how you receive MSU Alerts, such as add or change a cell phone number for texts, you will need to log into the MSU Portal (<https://my.mwsu.edu>) and update your contact information. Specific instructions for doing such can be found at [www.mwsu.edu/msualert](http://www.mwsu.edu/msualert).
- MSU social media channels will broadcast the MSU Alert.

Above all else, if there is winter weather plan ahead and leave time for personal safety.
