QPR for Suicide Prevention

MSU has adopted the QPR Suicide Prevention Training model to assist all faculty, staff, and students in knowing ways to talk to distressed students and to ask if they are feeling suicidal. QPR stands for Question, Persuade, and Refer, which are the three steps of the QPR model.

QPR teaches people how to identify a student, friend, co-worker, or family member who might be depressed or suicidal. The training also provides guidance in asking the person the important question of "Are you feeling suicidal and thinking of killing yourself?"

Join other faculty and staff from noon-1 p.m. Tuesday, September 19, in CSC Comanche Suites in learning the

three-step QPR model by attending a training session conducted by the professional counselors from the Counseling Center. The training is free to faculty and staff and lasts one hour. A box lunch from McAlister's Deli will be served during the faculty/staff training session. For more information, call the Counseling Center at ext. 4618 no later than Friday, September 15, to reserve a lunch.
