1:30 p.m. WFMA

For more event information, visit calendar.msutexas.edu.

THANK YOU

Dr. Ranette Halverson retired after 40 great years of service to Midwestern State University. In her long and distinguished career at MSU Texas, where she was instrumental in developing the computer science major, she taught more than 700 CMPS majors. She received the Faculty Award in 1992 and the Hardin Professor Award in 1998. For the university, she helped direct the self-study for the SACSCOC accreditation in 1998-2002 and co-chaired the recent Faculty & Staff Capital Campaign. For the community, she instituted the Math, Science & U Girls Conference in 1998 and the North Texas Area Student Conference in 2015. Her service, collegiality, and research skills are as boundless as her genuine love of MSU.

There was a celebration for Dr. Halverson's retirement Oct. 16 at the Wichita Falls Museum of Art at MSU Texas.

Retiring Computer Science Professor Ranette Halverson with McCoy College of Mathematics, Science & Engineering Dean Marcy Brown Marsden (l) and MSU Texas President Suzanne Shipley (r).
