Academic Council Minutes
January 28, 2021
Midwestern State University

The Academic Council met via Zoom meeting on January 27, 2021.

Voting Members:
Dr. Marcy Brown Marsden, Dean, McCoy College of Science, Mathematics, and Engineering
Dr. Martin Camacho, Dean, Lamar D. Fain College of Fine Arts
Dr. Matthew Capps, Dean, Gordon T. and Ellen West College of Education
Dr. Jeff Killion, Dean, Robert D. and Carol Gunn College of Health Sciences and Human Services
Dr. Jeff Stambaugh, Dean, Dillard College of Business Administration
Dr. Sam Watson, Dean, Prothro-Yeager College of Humanities and Social Sciences
Dr. Kathryn Zuckweiler, Dean, Dr. Billie Doris McAda Graduate School
Dr. Marcos Lopez, Faculty Senate representative (Absent from meeting)

Other Attendees:
Ms. Darla Inglish, Registrar
Ms. Cortny Bates, University Librarian
Ms. Leah Hickman, Senior Associate Director, Admissions
Ms. Angie Reay, Staff Senate representative
Dr. Michael Mills, Director, Global Education
Ms. Jamie Wilson, Senior Associate Registrar

James Johnston, Provost and Vice President for Academic Affairs, presided and the meeting began at 2:02pm.

Approval of Minutes

The minutes for December 2020 were approved as presented.
Old Business

1. Dr. Camacho made a motion to adopt the following undergraduate course for Music that was approved by the Core Curriculum Committee. Dr. Capps seconded and the motion was adopted. (closed)

New course addition-

Course Prefix: MUSC  
Course Number: 2053  
Course Title: Testing the Limits: Arts Health and the Creative Artist  
Description: Students will identify, address, predict, and prevent occupational health concerns of creative artists. Through the study and application of quantitative research, students will conduct a scientific research study with Arts Health as the area of focus.  
Lec/Lab Hrs: 3  
Type of course: Lecture  
Course objectives: The successful student will:
  1. Discuss the history, scope, and relevance of occupational health to the arts’ disciplines  
  2. Interpret basic and applied scientific literature  
  3. Think, reflect, and interact critically and creatively, independently and collaboratively  
  4. Develop a quantitative research study, analyze the empirical data, and present the findings correctly and clearly in forms and styles appropriate for the arts health profession  
  5. Select and explore topics for further study

New Business

2. Dr. Camacho made a motion to adopt the following undergraduate course and catalog changes in Music. Dr. Capps seconded and the motion was adopted. (closed)

Degree Change B.M. with Teacher Certification-

Department of Music  
Undergraduate Catalog Changes

Link: https://catalog.msutexas.edu/preview_program.php?catoid=28&poid=3600&returnto=1493  
Music All-Level, Instrumental Emphasis, B.M. with Teacher Certification

All proposed changes are marked as such: deleted items are marked with a strikethrough line and new items are in bold and underlined. Italicized wording is justification or clarification from the proposing department/college.
Major in Music - 63 hours

AMUS 1201 - Voice 1 semester hour
AMUS 2201 - Voice 1 semester hour
AMUS 3201 - Voice 1 semester hour
AMUS 4201 - Voice 1 semester hour

New course addition:

Course Prefix: MUSC
Course Number: 4101
Course Title: Music Education Learning Management Systems
Prerequisite: Permission of instructor required. Must be admitted into TEP before enrolled.
Description: This course prepares students to use a Learning Management System(s) for use in fine arts K-12 classrooms. Students learn to design lesson plans, create assessments, manage grades, track student progress, and manage delivery of music instruction using one or more learning management systems. Additionally, students will study current developments in fine arts.
Lec/Lab Hrs: 1(1)
Type of course: Lecture
Course Objectives: In a Learning Managements System(s), students will:

- Create topics and organize posts
- Create announcements
- Create assignments
- Create assessments
- Grade assignments
- Complete TExES requirements for teacher certification
- Study current developments in fine arts

All proposed changes are marked as such: deleted items are marked with a strikethrough line and new items are in bold and underlined. Italicized wording is justification or clarification from the proposing department/college.
3. Dr. Camacho made a motion to adopt the following undergraduate course and catalog changes. Dr. Capps seconded and the motion was adopted.  
(closed)

4. Dr. Killion made a motion to adopt the following undergraduate course and catalog changes in Healthcare Administration. Dr. Capps seconded and the motion was adopted. (closed)

The BAAS Degree with Healthcare Administration Concentration

The Healthcare Administration Concentration is designed for students or healthcare professionals who have an accredited associate’s degree or certificate from a vocational technical program, hours from a medical or healthcare services degree or program, or those currently working or desiring to work in the healthcare or medical field. This concentration prepares individuals to assume positions as managers, trainers, and educators within various healthcare-related fields. Upon completion of this concentration students will have acquired the foundation to further advance their knowledge and skills to be more effective in their roles as managers and trainers within their various fields.

The Healthcare Administration Concentration is an interdisciplinary approach to a general foundation of healthcare administration theory, application, education, and training, and previous healthcare and medical coursework. This concentration would provide entry level access for those interested in the healthcare or medical professions, and those continuing professionals in various healthcare and medical professions not requiring professional certification and licensure.

Occupational Specialty - 24-39 **42** semester hours, and any additional hours necessary to meet the 120-hour university requirement.

---

**Computer Science** – 3 semester hours

The Healthcare Administration Concentration - 36 advanced semester hours

All proposed changes are marked as such: deleted items are marked with a strikethrough line and new items are in bold and underlined. Italicized wording is justification or clarification from the proposing department/college.
• BAAS 4113 - Capstone Project 3

33 advanced semester hours chosen from the following:
• 12 semester hours of HSAD courses listed from below
• 15 semester hours of courses listed below
• 6 advanced hours of electives (may include additional courses listed below)
• 27 advanced hours from the course offerings listed below, and
• 6 advanced elective hours

Students with at least 21 advanced hours from the Gunn College of Health Sciences and Human Services, who are eligible for the BAAS program, may be able to complete this 36 advanced hour requirement with 12 advanced hours from the course offerings listed below, 6 advanced HSAD courses, and 6 elective hours from the listing.

• BAAS 3113, Internship Applied Arts and Sciences 3
• COUN 4013 - Human Relations 3
• COUN 4103 - Professional Orientation 3
• COUN 4333 - Employee Assistance Issues 3
• COUN 4373 - Human Resource Ethical Issues 3
• COUN 4943 – Seminar in Human Resource Dev 3
• EDUC 4513 - Introduction to Training and Development 3
• EDUC 4523 - Trends and Issues in Training and Development 3
• EDUC 4533 - Instructional Strategies for Adult Learners 3
• HSAD 3003 – Medical Office Administration
• HSAD 3103 – Health Care Organization Behavioral Management Theories
• HSAD 4013 – Health Services Administration Foundation
• HSAD 4123 – Healthcare Personnel
• HSAD 4153 – Managed Care in 21st Century
• HSAD 4173 – Public Health Administration
• IDT 4123 - Instructional Technology Design 3
• IDT 4143 - Multimedia Development I 3
• MIS 3003 - Management Information Systems 3
• MGMT 3013 - Organizational Behavior in Business 3
• MGMT 4613 - Supervisory Skills 3
• NURS 3743 - Introduction to Evidence-based Practice 3
• NURS 3821—Medical Terminology 1

- RESP 4443 - Management of Health Care Services 3
- RESP 4603 - Community Health and Rehabilitation 3

Note:

The BAAS Healthcare Administration Concentration student may submit a petition to the BAAS program for permission to apply appropriate additional/substitute courses to fulfill the above 36 semester hour curriculum.

The BAAS Degree with Human Resource Development Concentration

New course additions-

Course Prefix: HSAD
Course Number: 3003
Course Title: Medical Office Administration
Description: Exploring the role of medical office managers in multiple settings.
Lec/Lab Hrs: 3(3-0)
Type of course: Lecture
Course Objectives:
Understand the basic organizational structure of solo and multiple physician-run practices
Understand the current industry's expectations
Demonstrate proficiency in Medical Office Procedures and Medical Terminology
Understand the basics and importance of medical coding, health insurance, and billing procedures
Recognize the importance of regulatory compliance and demonstrate an understanding of incidence reporting, HIPAA privacy regulations, and electronic health record maintenance
Develop the skills needed to manage a variety of types of personnel
Be familiar with the personnel laws and regulations that govern small health care organizations.

Course Prefix: HSAD
Course Number: 3103
Course Title: Health Care Organization Behavior & Management Theories
Description: Explore the application of the theory to organizational behavior and management in complex health care organizational environments.
Lec/Lab Hrs: 3(3-0)
Type of course: Lecture
Course Objectives:
Demonstrate an understanding of the organization and structure of healthcare organizations.
Have knowledge of different means of motivating professionals using the principles of various theories of motivation.
Demonstrate an understanding of leadership in health organizations applying alternative frameworks for leadership.
Demonstrate an understanding of how to manage groups and teams.
Have knowledge of how to design various health services organizational subsystems.
Be able to integrate theoretical and applied content to analyze organizational situations.
Have knowledge of the basic principles of strategy and finance for healthcare organizations.

Course Prefix: HSAD
Course Number: 4013
Course Title: Health Services Administration Foundations
Description: An overview of the U.S. health care system that explores a wide variety of topics including the ACA, U.S. demographics, the U.S. health care (non) system, the importance of DRG and ICD-10 coding. During this overview, the course also focuses on the honing skills needed by students to be successful in the field as well as those needed to be successful academically.
Lec/Lab Hrs: 3(3-0)
Type of Course: Lecture
Course Objectives:
Describe the major federal, state and local health care institutions that impact on health care delivery in the U.S.
Understand the dynamic tensions that may exist between federal, state and local health care governments.
Describe the contemporary environment within which health care delivery takes place in the U.S.
Identify some of the basic problems in the distribution and financing of health services in the U.S.
Embark on an understanding of the role of an administrator in health care.

Course Prefix: HSAD
Course Number: 4123
Course Title: Health Care Personnel
Description: Examination of the health care personnel/human resources and assessment of the alternative approaches for improving the productivity of medical and allied health care providers. Emphasis is on health care provider productivity analysis and projection of human resource evaluation.
Lec/Lab Hrs: 3(3-0)
Type of course: Lecture
Course Objectives:
Be familiar with the role of the personnel/human resource manager and the various personnel functions in a healthcare organization; Understand the basic legal framework (federal, state, local) that affect healthcare personnel policies/procedures;
Be able to identify core competencies and job responsibilities in the creation of job descriptions;
Be able to give appropriate feedback to improve individual/organizational performance needs;
Have a basic understanding of safety and preparedness issues as they relate to healthcare personnel.
Course Prefix: HSAD  
Course Number: 4153  
Course Title: Managed Care Organizational Structure in the 21st Century  
Description: A pragmatic examination of the theories for and uses of managed health in the 21st century. Special emphasis is placed on the structure of care delivery in hospitals, community health clinics and medical practices. Also the impact of the ACA on health insurance is reviewed.  
Lec/Lab Hrs: 3(3-0)  
Type of Course: Lecture  
Course Objectives:  
Be aware of the history of managed care and how it has been integrated into a variety of types of healthcare organizations;  
Develop an understanding of payment and financing for healthcare services under managed care arrangements, and the strength and weaknesses of its various organizational structures;  
Examine the performance of managed care organizations in the private sector;  
Become familiar with contemporary management issues including capitation, risk sharing, utilization management, pharmaceutical benefit management, disease management, and behavioral health management  

Course Prefix: HSAD  
Course Number: 4173  
Course Title: Introduction to Public Health Administration  
Description: An examination of public and community health organizations with an emphasis placed on public sector organizational structures and the challenges they face given the political system they reside in. The course will examine unique management issues facing public health organizations such as leadership, communication, organization behavior, team development, organization design, evaluation, productivity, performance improvement.  
Lec/Lab Hrs: 3(3-0)  
Type of course: Lecture  
Course Objectives:  
Understanding of the origin and influences on the development and current form of health departments in the United States  
Explain how health departments are responsive to their community's perceived needs  
Understand the role of community partnerships in healthcare delivery  
Understand the importance of both public policy and ethics upon the day-to-day operations of a public health organization
5. Dr. Watson made a motion to adopt the following undergraduate course and catalog changes in English, Humanities, and Philosophy. Dr. Zuckweiler seconded and the motion was adopted. (closed)

**Catalog changes for English, Humanities, and Philosophy**

**English, Humanities, and Philosophy**

**Humanities**

Coordinator: Advisors: Kirsten Lodge (Bea Wood Hall 217) and Tyler Williams (Bea Wood 221)
Associate Professor: Lodge
Assistant Professor: Williams
Professors Emeriti: L. Hoggard, Olson

**Philosophy**

Advisor: Nathan Jun (Bea Wood Hall 224-212)
Professor: Jun
Associate Professor: Schultz

6. Dr. Watson made a motion to adopt the following new undergraduate course in English. Dr. Zuckweiler seconded and the motion was adopted.
(closed)

**New course addition**

Course Prefix: ENGL
Course Number: 4073
Course Title: Internship
Prerequisite: Core Curriculum complete, junior or senior standing, declared major or minor in English, and approval of the instructor.
Description: Supervised internship writing and/or editing in a workplace or for a community or professional organization. The duties can include the analysis, editing, production, publication, and/or management of content.
Lec/Lab Hrs: 3 semester hours
Type of course: Internship
Course Objectives:
Students completing an internship will
• apply skills learned in the classroom and build upon these skills as demonstrated through the successful completion of the specific internship goals and objectives
• develop the written communication, technology, and collaboration skills needed in a professional setting
• demonstrate evidence of increased content knowledge gained through practical experience.
• apply the hands-on experience, mentoring, and networking to the development of a professional portfolio
• evaluate the internship experience in terms of personal, educational, and career goals.

Additional information-

Dr. Camacho informed everyone that the Fain College of Fine Arts would be having many events this Spring to view in person or online. The theatre’s production of *The Drowning Girls* will be the end of January.

Dr. Zuckweiler said the Celebration of Scholarship/UGRCA Forum would be held virtually April 7-9.

Dr. Brown Marsden mentioned that after the retirement of Dr. Rincon-Zachary the Undergraduate Research Opportunities and Workshop (UGROW) program will be continued by the McCoy College of Science, Mathematics, and Engineering.

Adjournment-

There being no other business, the meeting was adjourned at 2:16 p.m.

Respectfully submitted,

Lana L. Scates
Assistant to the Provost
