The Academic Council met Wednesday, April 20, 2022 at 2 p.m. in the Dillard College of Business Administration, the Priddy Conference Room.

Voting members:
Dr. Marcy Brown Marsden, Dean, McCoy College of Science, Mathematics, and Engineering
Dr. Jim Sernoe, Interim Dean, Lamar D. Fain College of Fine Arts
Dr. Leann Curry, Interim Dean, Gordon T. and Ellen West College of Education
Dr. Jeff Killion, Dean, Robert D. and Carol Gunn College of Health Sciences and Human Services
Dr. Jeff Stambaugh, Dean, Dillard College of Business Administration
Dr. Sam Watson, Dean, Prothro-Yeager College of Humanities and Social Sciences
Dr. Kathryn Zuckweiler, Dean, Dr. Billie Doris McAda Graduate School (absent from meeting)
Dr. Marcos Lopez, Faculty Senate representative
Ms. Brittany Roberts, Student Government Association (absent from meeting)

Other Attendees:
Mr. Kenley O’Brien, Assistant to the Registrar

Dr. Martin Camacho, Interim Provost and Vice President for Academic Affairs, presided and the meeting began at 2:00 p.m.

Approval of Minutes

The March 2022 minutes were discussed. Dr. Brown Marsden made a motion to approve, Dr. Killion seconded the motion, and the minutes were approved.

Old Business

There being no Old Business, the Council moved on to New Business.
New Business

1. Dr. Stambaugh made a motion to adopt the following undergraduate course and catalog changes. Dr. Killion seconded and the motion was adopted. (closed)

3. Dr. Stambaugh made a motion to adopt the following undergraduate course and catalog changes. Dr. Watson seconded and the motion was adopted. (closed)

Course Catalog Changes:

New Course Addition:

Course Prefix: MGMT
Course Number: 4423
Course Title: Human Resource Analytics
Prerequisite(s): MGMT 4213
Description: Course discusses human resource information systems and analytics concepts and practices applied to various aspects of the human resource management function (e.g., staffing and recruiting, compensation and benefits, training, employee relations, and performance management). Course emphasis is placed on human-resource data analysis and visualization, data security and privacy, and data-related ethical and legal issues.
Lec/Lab Hrs: 3(3-0)
Type of Course: Lecture
Course Objectives: At the end of the semester, students should be able to:

- Describe basic human resource functions.
- Discuss human resource information and data.
- Apply human resource data in information system programs.
- Practice human resource data in statistical analysis.
4. Dr. Curry made a motion to adopt the following undergraduate course and catalog changes. Dr. Killion seconded and the motion was adopted. (closed)

Effective Fall 2022

Admissions Catalog listing

Admission by Transfer

An applicant with fewer than 18 non-developmental semester credit hours completed must have a minimum cumulative grade point average of 2.0, must be eligible to enroll at all institutions attended, and meet beginning freshmen admission requirements. Applicants with 18 or more non-developmental semester credit hours completed must have a minimum cumulative grade point average of 2.0 and be eligible to enroll at all institutions attended.

Before a transfer student may register, he/she must submit official transcripts from all post-secondary educational institutions and colleges attended regardless of whether transfer credit was earned. Registration cannot be completed until these official transcripts are on file with MSU Admissions. Midwestern State accepts transfer work from accredited institutions.

If a student has successfully completed the core curriculum at another Texas public college or university, as verified by the transcript, that block of courses will fulfill Midwestern State’s academic foundations and core curriculum. A student who has not completed the core curriculum elsewhere will be required to complete Midwestern State’s core curriculum.

After eligibility to re-enroll in all previous institutions attended has been established, the transfer student’s scholastic record is then evaluated on the basis of minimum scholastic standards in effect at Midwestern State University. A student who has been suspended at prior institutions will maintain the suspension(s) in his/her academic history. For example, a student who was suspended once at a prior school will be assessed a second suspension if the MSU minimum academic standards are not met at the end of the first semester at MSU. (See Table of Academic Standards.)

Grades of D will be accepted in transfer from accredited institutions. Evaluation of course credit earned at other institutions by MSU Admissions does not decree approval of the credit for use toward degree requirements. The academic dean of the college offering the program in which the student is enrolled has authority for determining which courses will be applied toward the student’s major or minor. It is the student’s responsibility to be aware of the individual program’s degree requirements. A student transferring a D in a course should check with the individual department to see if the course will be accepted to meet the degree requirement.

If the student does not present an overall C average on the courses accepted in transfer, he/she must make up the grade point deficiency on work attempted at Midwestern State University. For example, a student transferring a D in a course would have a grade point deficiency of three. The student must earn at least a B in a course at Midwestern to offset the D accepted in transfer.

All proposed changes are marked as such: deleted items are marked with a strikethrough line and new items are in bold and underlined. Italicized wording is justification or clarification from the proposing department/college.
To qualify for a degree from Midwestern State University, a student must earn a minimum grade point average of 2.0 on the courses attempted at Midwestern State University. A student must also earn a minimum grade point average of 2.0 in the major and a 2.0 in the minor. A student must have a C (2.0) major, minor, and cumulative grade point average based on Midwestern State University work, as well as transfer work accepted, to graduate. A student with a grade point deficiency based on transfer work accepted must have sufficient grade points earned at MSU to remove the deficiency in the major, minor, or cumulative average. Some programs require more than a 2.0 grade point average on major and minor hours. The student should consult with the academic advisor about specific program requirements.

No more than 69 semester credit hours, including exercise physiology activity courses, from a community college may be applied to a degree program (excluding RN/BSN, BSRS, and, BSRC, BAAS, CAS, ECEC, IDT, and SABC) at Midwestern State University.

Any student transferring from a Texas public institution that offers an undergraduate academic degree program to Midwestern State University shall have the same choice of catalog designating degree requirements as the student would have had if the dates of attendance at the university had been the same as the dates of attendance at the previous Texas public institution. To facilitate the transfer of courses, Midwestern State University participates with other Texas schools in designating the common course number. Refer to Texas Common Course Numbers (transfer) for specific course listings or the TCCNS website.
5. Dr. Killion made a motion to adopt the following undergraduate course and catalog changes. Dr. Lopez seconded and the motion was adopted. (closed)

Biology, B.S.

The requirements for the degree of Bachelor of Science with a major in biology may be satisfied in any of the following areas of emphasis.

A. Molecular-cellular option
B. Organismal option
C. Pre-Professional
   i. C1 - Pre-medical option
   ii. C2 - Pre-veterinary option
   iii. C3 - Pre-dental option
   iv. C4 - Pre-pharmacy option
D. Pre-physical therapy option

For advancement as a pre-professional student seeking to gain admission to professional school (Medical, Dental, Veterinary Medicine, Physician’s Assistant, Pharmacy, etc.), it is expected that students in options C and D will gain experience, formally or informally, in how these practices are run. This experience can be gained through employment, paid or unpaid internships, volunteering, or other instances where students can observe the various aspects of a professional practice.

E. Clinical Laboratory Science
   i. E1 - Clinical Laboratory Science (3+1) option
   ii. E2 - Clinical Laboratory Science (4+1) option

Option A Molecular-Cellular - 37 hours
BIOL 1114 - Life I: Molecular & Cellular Concepts 4
BIOL 1214 - Life II: Evolution and Ecology 4
BIOL 2114 - Life III: The Diversity of Life 4
BIOL 3334 - Genetics 4

New Course Additions Effective Fall 2022

HIST Course Inventory/Catalog Changes – Effective Fall 2022

HIST 5163 (new course addition)
Course Title: U.S. History since 1945
Course Prerequisite: None
Course Description: This course will examine the social, cultural, economic, and political aspects of the United States since World War II. Subjects covered include but are not limited to the following: Cold War, McCarthyism, Korean War, Civil Rights Movement, Second Wave Feminism, Gay Liberation Movement, counterculture, Vietnam War, Environmental Movement, Reagan Revolution, Iraq War, War in Afghanistan, and globalization. While placing an emphasis on race, class, and gender, this course will show the various transformations that transpired in this country after 1945.
Lecture/Lab Hours: 3(3-0)
Course Objective:
  * Illustrate their mastery of the course material by writing a 15-page research paper based on primary and secondary sources.
  * Perfect speaking skills by presenting their term papers to the class.
  * Hone critical thinking skills by reading six assigned books and writing a 2-3-page book review on five books.

All proposed changes are marked as such: deleted items are marked with a strikethrough line and new items are in bold and underlined. Italicized wording is justification or clarification from the proposing department/college.
*Exhibit analytical skills by watching assigned movies and then assessing their historical accuracy in two 5-6-page essays.

HIST 5833 (new course addition)
Course Title: Colonial Latin America
Course Prerequisite: None
Course Description: This course investigates the various cultures and ethnicities during the colonial period in Latin America. The discovery, conquest, and settlement of Ibero-America are covered in detail as are the roles of the Church, encomienda, and military. The course concludes with a discussion of the impact of the reforms of Charles the Third as the affected Latin America and initiated the independence movements.
Lecture/Lab Hours: 3(3-0)
Course Objectives: Course objectives may include (but are not limited to):
* Students will gain knowledge of the history of Latin America from the discovery and settling of the region by various European powers, to the series of revolutions in the 19th century that freed them from European empires.
* Students will improve reading and analytical skills through a reading/examination of primary source documents, archeological and literary studies, and other secondary sources.
* Students will produce a 15-page term paper on a topic of their choice concerning Latin America during the Colonial Period. They will be expected to produce a research proposal, annotated bibliography, draft, and final product during the semester.
* Students will give a presentation on their research to the class, which will be evaluated as part of their final grade.

HIST 5933 (new course addition)
Course Title: Special Graduate Topics
Course Prerequisite: None
Course Description: History course for graduate students – subject varies.
Lecture/Lab Hours: 3(3-0)
Course Objectives: Course objectives vary according to the subject. Course objectives may include (but are not limited to):
• Students will gain knowledge about a particular subject in history at the graduate level.
• Students will improve reading and analytical skills through a reading/examination of primary source documents, archeological and literary studies, and other secondary sources at the graduate level.
• Students will develop and improve research, writing, and speaking skills through a series of written and oral assignments at the graduate level.
• Students will engage in discussions about critical events, peoples, and issues in history at the graduate level, and in doing so they will make connections with the present day.
8. Dr. Watson made a motion to adopt the following graduate course and catalog changes. Dr. Brown Marsden seconded and the motion was adopted. (closed)
