Course Catalog Changes – Effective Fall 2022

New Course Additions:

Course Prefix: **ENGL**
Course Number: **0010**
Course Title: **English NCBO**
Prerequisite(s): **None**
Description: *This course provides reading and writing intervention for students who do not meet the TSI2EL requirement.*
Lec/Lab Hrs: **0**
Type of Course:
Course Objectives:

- *Engage in a writing process that includes invention, drafting, collaboration, and revision*
- *Use reading and composing for learning, thinking, and communicating in various rhetorical contexts*
- *Demonstrate proficient use of linguistic structures, including grammar and mechanics, through practice in composing and revising.*

Course Prefix: **HIST**
Course Number: **3833**
Course Title: **Colonial Latin America**
Prerequisite(s): **None**
Description: *This course investigates the various cultures and ethnicities during the colonial period in Latin America. The discovery, conquest, and settlement of Ibero-America are covered in detail as are the roles of the Church, encomienda, and military. The course concludes with a discussion of the impact of the reforms of Charles the Third as they affected Latin America and initiated the independence movements.*
Lec/Lab Hrs: **3**
Type of Course: Lecture
Course Objectives: *Course objectives may include (but are not limited to):*

- *Students will gain knowledge of the history of Latin America from the discovery and settling of the region by various European powers, to the series of revolutions in the 19th century that freed them from European empires.*
- *Students will improve reading and analytical skills through a reading/examination of primary source documents, archeological and literary studies, and other secondary sources.*
- *Students will develop and improve research, writing, and speaking skills through a series of written and oral assignments including class discussion and presentations.*

All proposed changes are marked as such: deleted items are marked with a strikethrough line and new items are in bold and underlined. Italicized wording is justification or clarification from the proposing department/college.
Course Prefix: **HIST**
Course Number: **4163**
Course Title: **U.S. History since 1945**
Prerequisite(s): **Six hours of history or consent of the chair**
Description: This course will examine the social, cultural, economic, and political aspects of the United States since World War II. Subjects covered include but are not limited to the following: Cold War, McCarthyism, Korean War, Civil Rights Movement, Second Wave Feminism, Gay Liberation Movement, counterculture, Vietnam War, Environmental Movement, Reagan Revolution, Iraq War, War in Afghanistan, and globalization. While placing an emphasis on race, class, and gender, this course will show the various transformations that transpired in this country after 1945.

Lec/Lab Hrs: **3**  
Type of Course: **Lecture**
Course Objectives:  
* Illustrate their mastery of the course material by writing a 10-page research paper based on primary and secondary sources.  
* Hone critical thinking skills by reading assigned books and writing a 2-3-page book review on three books.  
* Exhibit analytical skills by watching assigned movies and then assessing the historical accuracy of each in two 5-6-page essays.  
* Display time management by completing two exams, each with six identification terms and one essay, in a set period of time.

9. Dr. Watson made a motion to adopt the following undergraduate course and catalog changes. Dr. Brown Marsden seconded and the motion was adopted. (closed)

Change of Course Title and Description:

Course Prefix: **ENGL**
Course Number: **1143**
Course Title: **Academic Research and Writing Introduction to Critical Reading and Academic Writing**
Prerequisite(s):
Description: This course provides continued training in critical reading and academic writing. It focuses on the writing process and rhetorical concepts while requiring students to read and write a variety of texts, rhetoric, including skills involved in the writing process through composition and reading with the addition of particular skills needed for thoughtful research, from. Students will be required to prepare a research synthesis paper of moderate length demonstrating these critical reading and academic writing skills, including selection, evaluation, and analysis, to integration, and documentation of both print and electronic sources.
10. Dr. Brown Marsden made a motion to adopt the following undergraduate course and catalog changes. Dr. Watson seconded and the motion was adopted. (closed)

2022-2023 Undergraduate Catalog
Midwestern State University

Chemistry, B.S.

Programs of study leading to the degree of Bachelor of Science with a major in chemistry are as follows:

a. Professional - option A.
This program provides the academic foundation for students who may wish to continue their studies in graduate chemistry, chemical engineering, or biochemistry. Students completing this program with 3 additional advanced chemistry hours and a chemistry GPA of 2.5 or better will be certified by the Committee on Professional Training of the American Chemical Society.

b. Interdisciplinary - option B.
This program provides the academic foundation in chemistry for students who may wish to reinforce their degree with a background in biology, business, computer science, chemical engineering, or other areas.

c. Biochemistry/Pre-Professional - option C.
This program provides the academic foundation for students who wish to continue their studies in biochemistry at the graduate level or in professional schools of optometry, physical therapy, pharmacy, physician’s assistant, medicine, dentistry, or veterinary medicine. Students will also be able to matriculate into the Research and Development areas of industry and areas of forensic science.

For advancement as a pre-professional student seeking to gain admission to professional school (Medical, Dental, Veterinary Medicine, Physician’s Assistant, Pharmacy, etc.), it is expected that students in options A-C will gain experience, formally or informally, in how these practices are run. This experience can be gained through employment, paid or unpaid internships, volunteering, or other instances where students can observe the various aspects of a professional practice.

The requirements for the degree of Bachelor of Science with a major in chemistry are as follows:

General

(See General Requirements for all Bachelor’s Degrees)

Academic Foundations and Core Curriculum - 42 semester hours

All proposed changes are marked as such: deleted items are marked with a strikethrough line and new items are in bold and underlined. Italicized wording is justification or clarification from the proposing department/college.
(See Academic Foundations and Core Curriculum - 42 semester hours)

**Bachelor of Science**

(see Requirements for the Bachelor of Science Degree)

**Major**

**Option A, ACS Certification**

- CHEM 1141 - General Chemistry Laboratory 1
- CHEM 1143 - General Chemistry 3
- CHEM 1241 - General Chemistry Laboratory 1
- CHEM 1243 - General Chemistry 3
- CHEM 1253 - Descriptive Inorganic Chemistry 3
- CHEM 2001 - Organic Chemistry Laboratory 1
- CHEM 2003 - Organic Chemistry 3
- CHEM 2011 - Organic Chemistry Laboratory 1
- CHEM 2013 - Organic Chemistry 3
- CHEM 3305 - Analytical Chemistry I 5
- CHEM 3405 - Analytical Chemistry II 5
- CHEM 3603 - Physical Chemistry I 3
- CHEM 3705 - Physical Chemistry II 5
- CHEM 4243 - Biochemistry 3
- CHEM 4305 - Advanced Inorganic Chemistry 5
- CHEM 4001 - Seminar 1 semester hour (2 hours required)

**Additional Advanced Courses - 4 hours**

Three additional advanced hours in chemistry, exclusive of CHEM 3504.

One additional advanced laboratory hour in chemistry is required, exclusive of CHEM 3504.

All proposed changes are marked as such: deleted items are marked with a strikethrough line and new items are in bold and underlined. Italicized wording is justification or clarification from the proposing department/college.
Note:

Must maintain an overall GPA of 2.5 or better for certification.

(Those students who wish to continue their studies in graduate biochemistry should take CHEM 4242 and CHEM 4253.)

American Chemical Society Certification–With Honors

This designation will be awarded to students fulfilling the following:

1. All regular requirements for the Bachelor of Science with a major in chemistry (Option A) and all the requirements for certification by the Committee on Professional Training of the American Chemical Society.
2. Minimum GPA: 3.0 overall; 3.3 in chemistry courses.
3. A minimum of 4 semester hours must be earned in independent research (CHEM 4911, CHEM 4922, CHEM 4933); this should be commenced in the junior year or earlier.
4. Acceptance of a B.S. research paper (covering the undergraduate independent research project) by the chemistry faculty and the chair of the Honors committee.
5. Presentation of a public lecture on the research paper to the chemistry faculty.

Option B

- CHEM 1141 - General Chemistry Laboratory I
- CHEM 1143 - General Chemistry 3
- CHEM 1241 - General Chemistry Laboratory I
- CHEM 1243 - General Chemistry 3
- CHEM 2001 - Organic Chemistry Laboratory I
- CHEM 2003 - Organic Chemistry 3
- CHEM 2011 - Organic Chemistry Laboratory I
- CHEM 2013 - Organic Chemistry 3
- CHEM 3305 - Analytical Chemistry I 5
- CHEM 3603 - Physical Chemistry I 3
- CHEM 4001 - Seminar 1 semester hour (2 hours required)
Additional Courses

- CHEM 3405 - Analytical Chemistry II 5
- or
- CHEM 4242 - Biochemistry Laboratory 2 and
- CHEM 4243 - Biochemistry 3
- or
- CHEM 3705 - Physical Chemistry II 5
- or
- CHEM 3504 - Introductory Environmental Chemistry 4

Option C

- CHEM 1141 - General Chemistry Laboratory 1
- CHEM 1143 - General Chemistry 3
- CHEM 1241 - General Chemistry Laboratory 1
- CHEM 1243 - General Chemistry 3
- CHEM 2001 - Organic Chemistry Laboratory 1
- CHEM 2003 - Organic Chemistry 3
- CHEM 2011 - Organic Chemistry Laboratory 1
- CHEM 2013 - Organic Chemistry 3
- CHEM 4001 - Seminar 1 semester hour (two hours required)
- CHEM 4242 - Biochemistry Laboratory 2
- CHEM 4243 - Biochemistry 3
- CHEM 4253 - Biochemistry 3

Additional Courses

- 2 classes from the following:
  - CHEM 3305 - Analytical Chemistry I 5
  - CHEM 3405 - Analytical Chemistry II 5
  - CHEM 3603 - Physical Chemistry I 3
  - CHEM 3705 - Physical Chemistry II 5
  - CHEM 4133 - Advanced Organic Chemistry 3
  - CHEM 4305 - Advanced Inorganic Chemistry 5

All proposed changes are marked as such: deleted items are marked with a strikethrough line and new items are in bold and underlined. Italicized wording is justification or clarification from the proposing department/college.
Optional Minor

Option A

Professional Chemistry:

Mathematics (See the Chemistry Program Advisor for specific course requirements.) OR
Physics (see the Chemistry Program Advisor for specific course requirements); OR
Other (see the Chemistry Program Advisor for specific course requirements)

Option B

Biology Emphasis - Biology; OR
Business Emphasis - Business Administration; OR
Computer Science Emphasis - Computer Science
Others (See your academic advisor.)

Option C

Pre-Optometry, Pre-Pharmacy, Pre-Physical Therapy, Pre-Medical, Pre-Dental, or Pre-Veterinary - Biology - (See Biology and the Health Professions Advisor for specific course requirements.)
Others (See your academic advisor.)

Additional Requirements:

Requirements common to all optional degree plans:

- MATH 1634 - Calculus I 4
- MATH 1734 - Calculus II 4
- PHYS 1624 - Mechanics, Wave Motion, and Heat 4
- PHYS 2644 - Electricity and Magnetism and Optics 4
- STAT 3573 - Probability and Statistics 3

All proposed changes are marked as such: deleted items are marked with a strikethrough line and new items are in bold and underlined. Italicized wording is justification or clarification from the proposing department/college.
Option A

- MATH 2534 - Calculus III 4
- MATH 3433 - Differential Equations 3

Option B

- MATH 2534 - Calculus III 4
- See Advisor for additional requirements.

Option C

- BIOL 1114 - Life I: Molecular & Cellular Concepts 4
- BIOL 1214 - Life II: Evolution and Ecology 4
- BIOL 2114 - Life III: The Diversity of Life 4

12 *16 hours Advanced Biology

*Suggested classes for the 16 hours of Advanced Biology for Biochemistry emphasis option C are (see advisor when choosing classes):

- BIOL 3314 - General Microbiology 4
- BIOL 3334 - Genetics 4 (needed for the minor)
- BIOL 3434 - Entomology 4
- BIOL 4021 - Immunology Laboratory 1
  and
- BIOL 4023 - Immunology 3
- BIOL 4231 - Molecular Biology Laboratory 1
  and
- BIOL 4233 - Molecular Biology 3
- **BIOL 4524 – Animal Parasitology 4**
- BIOL 4714 - Cell Biology 4
- See Advisor for additional options

Electives

Additional hours as needed to total a minimum of 120 semester credit hours with a minimum of 33 advanced.

All proposed changes are marked as such: deleted items are marked with a strikethrough line and new items are in bold and underlined. Italicized wording is justification or clarification from the proposing department/college.
11. Dr. Brown Marsden made a motion to adopt the following undergraduate course and catalog changes. Dr. Lopez seconded and the motion was adopted. (closed)

2022-2023 Undergraduate Catalog
Midwestern State University

**Dental Early Admissions Program 3 + 4 Dual Degree**

The student must complete 101-106 hours of undergraduate course work as specified below. Upon the successful completion of the first year of dental school, 14-19 hours of credit from the dental school will be transferred to Midwestern State University and counted toward the Midwestern State University B.S. degree with a major in Biology or Chemistry.

**Courses to be taken at Midwestern State University:**

**A. Biology Degree**

**Freshman Year**

**Fall**

- BIOL 1114 - Life I: Molecular & Cellular Concepts 4
- CHEM 1141 - General Chemistry Laboratory 1
- CHEM 1143 - General Chemistry 3
- ENGL 1143 - Academic Research and Writing 3
- MATH 1534 - Precalculus 4

**Spring**

- BIOL 1214 - Life II: Evolution and Ecology 4
- CHEM 1241 - General Chemistry Laboratory 1
- CHEM 1243 - General Chemistry 3
- ENGL 1153 - Introduction to Reading and Writing about Literature 3
- STAT 3573 - Probability and Statistics 3

**Summer Session**

- HIST 1133 - Survey of American History to 1865 3
- HIST 1233 - Survey of American History since 1865 3

**Sophomore Year**

All proposed changes are marked as such: deleted items are marked with a strikethrough line and new items are in bold and underlined. Italicized wording is justification or clarification from the proposing department/college.
Fall

- BIOL 2114 - Life III: The Diversity of Life
- POLS 1333 - American Government 3
- CHEM 2001 - Organic Chemistry Laboratory 1
- CHEM 2003 - Organic Chemistry 3
- MATH 1634 - Calculus I 4
- Creative Arts Core – 3

Spring

- BIOL 3334 - Genetics
- BIOL ADV 4 (see advisor) (see advisor)
- POLS 1433 - American Government 3
- CHEM 2011 - Organic Chemistry Laboratory 1
- CHEM 2013 - Organic Chemistry 3
- Undergraduate Inquiry & Creativity Core - 3
- PSYC 1103 - General Psychology 3
- OR
- SOCL 1133 - Introductory Sociology 3

Summer Session

Dental Enrichment Program at Dental School

Junior Year

Fall

- BIOL advanced (consult advisor) - 4 advanced hours
- PHYS 1144 - General Physics 4
- BIOL (or CHEM 4243) - 3 advanced hours
- Foreign Language - 4 hours

All proposed changes are marked as such: deleted items are marked with a strikethrough line and new items are in bold and underlined. Italicized wording is justification or clarification from the proposing department/college.
Spring

- BIOL 3144 - Physiology 4
- OR
- BIOL 3234 - Comparative Anatomy of the Vertebrates 4
- PHYS 1244 - General Physics 4
- BIOL (or CHEM 4253) - 3 advanced hours
- Foreign Language - 4 hours
- 1 hour of an elective (consult advisor)

Total MSU Hours - 101 hours

Total UTHSCSA Hours - 19 hours

(to be applied to the MSU degree requirements at the end of the first year of dental school)

B. Chemistry Degree

Freshman Year

Fall

- BIOL 1114 - Life I: Molecular & Cellular Concepts 4
- CHEM 1141 - General Chemistry Laboratory 1
- CHEM 1143 - General Chemistry 3
- ENGL 1143 - Academic Research and Writing 3
- MATH 1534 - Precalculus 4

Spring

- BIOL 1214 - Life II: Evolution and Ecology 4
- CHEM 1241 - General Chemistry Laboratory 1

All proposed changes are marked as such: deleted items are marked with a strikethrough line and new items are in bold and underlined. Italicized wording is justification or clarification from the proposing department/college.
• CHEM 1243 - General Chemistry 3
• ENGL 1153 - Introduction to Reading and Writing about Literature 3
• STAT 3573 - Probability and Statistics 3
• Undergraduate Inquiry & Creativity Core - 3

Summer Session

• HIST 1133 - Survey of American History to 1865 3
• HIST 1233 - Survey of American History since 1865 3
• Creative Arts Core - 3 hours
• PSYC 1103 - General Psychology 3
• OR
• SOCL 1133 - Introductory Sociology 3

Fine Arts - 3 hours

Sophomore Year

Fall

• BIOL 2114 - Life III: The Diversity of Life BIOL 3334 - Genetics 4
• POLS 1333 - American Government 3
• CHEM 2001 - Organic Chemistry Laboratory 1
• CHEM 2003 - Organic Chemistry 3
• MATH 1634 - Calculus I 4

Spring

• BIOL 3334—Genetics BIOL ADV 4 (see advisor)
• POLS 1433 - American Government 3
• CHEM 2011 - Organic Chemistry Laboratory 1
• CHEM 2013 - Organic Chemistry 3
• MATH 1734 - Calculus II 4

Summer Session

Dental Enrichment Program at Dental School

All proposed changes are marked as such: deleted items are marked with a strikethrough line and new items are in bold and underlined. Italicized wording is justification or clarification from the proposing department/college.

2021-2022 Undergraduate Catalog Midwestern State University

**Geosciences, B.S.**

The requirements for the degree of Bachelor of Science Degree with a major in Geosciences may be satisfied through either the Environmental Science track or the Geosciences track.

**General**

(See General Requirements for all Bachelor’s Degrees)

**Academic Foundations and Core Curriculum - 42 semester hours**

(See Academic Foundations and Core Curriculum - 42 semester hours)

**Bachelor of Science**

(see Requirements for the Bachelor of Science Degree)

**Environmental Science Track**

**Major:**

Interdisciplinary -

ENSC 1114 - Foundations of Environmental Science 4
ENSC 3103 - Environmental Policies and Laws 3
ENSC 4103 - Internship 3
BIOL 1114 - Life I: Molecular & Cellular Concepts 4
BIOL 1214 - Life II: Evolution and Ecology 4
BIOL 3104 - Fundamental Genetics 4
CHEM 1141 - General Chemistry Laboratory 1
CHEM 1143 - General Chemistry 3
CHEM 1241 - General Chemistry Laboratory 1

All proposed changes are marked as such: deleted items are marked with a strikethrough line and new items are in bold and underlined. Italicized wording is justification or clarification from the proposing department/college.
CHEM 1243 - General Chemistry 3
CHEM 3504 - Introductory Environmental Chemistry 4
GEOS 1134 - Physical Geology 4
GEOS 3044 - Geographic Information Systems (GIS) 4
GEOS 4001 - Geosciences Seminar 1
Options (must choose one):
Option A - Biology:
BIOL 2114 - Life III: The Diversity of Life 4
BIOL 3113 – Biogeography 3
BIOL 3033 - Field Biology 3
BIOL 3534 - Systematic Botany 4
BIOL 4684 - Ecology 4
OR
BIOL 4673 - Desert Ecology 3
OR
BIOL 4693 - Tropical Rainforest Ecology 3 semester hours
Plus 3-4 additional hours
Option B - Chemistry:
CHEM 3305 - Analytical Chemistry I 5
CHEM 3405 - Analytical Chemistry II 5
Plus 8 additional hours
Option C - Geosciences:
GEOS 1234 - Historical Geology 4
GEOS 3034 - Oceanography 4
GEOS 3734 – Geomorphology 4
GEOS 4233 - Groundwater Hydrology 3
GEOS 4844 - Environmental Geophysics 4
OR

All proposed changes are marked as such: deleted items are marked with a strikethrough line and new items are in bold and underlined. Italicized wording is justification or clarification from the proposing department/college.
GEOS 3533 - Solid Earth and Exploration Geophysics 3

Plus 3-4 additional hours

Program Requirements:

PHYS 1144 - General Physics 4
PHYS 1244 - General Physics 4

MATH 1433 - Plane Trigonometry 3

OR

MATH 1534 - Precalculus 4
MATH 1634 - Calculus I 4

STAT 3573 - Probability and Statistics 3

One year of a single foreign language.

5 - 6 hours of electives are required

Geosciences Track

Major:

GEOS 1134 - Physical Geology 4
GEOS 1234 - Historical Geology 4
GEOS 3134 - Mineralogy 4
GEOS 3234 - Petrology 4
GEOS 3434 - Structural Geology 4
GEOS 3533 - Solid Earth and Exploration Geophysics 3
GEOS 3534 - Invertebrate Paleobiology 4
GEOS 3734 - Geomorphology 4

GEOS 3044 - Geographic Information Systems (GIS) 4

GEOS 4001 - Geosciences Seminar 1
GEOS 4533 - Introduction to Ore Deposits and Energy Resources 3
GEOS 4534 - Sedimentology and Stratigraphy 4

Complete Field Geology in transfer (see advisor for details)

All proposed changes are marked as such: deleted items are marked with a strikethrough line and new items are in bold and underlined. Italicized wording is justification or clarification from the proposing department/college.
Program Requirements:

CHEM 1141 - General Chemistry Laboratory 1
CHEM 1143 - General Chemistry 3
CHEM 1241 - General Chemistry Laboratory 1
CHEM 1243 - General Chemistry 3
MATH 1634 - Calculus I 4
MATH 1734 - Calculus II 4
STAT 3573 - Probability and Statistics 3

________________________________________________________________________

PHYS 1144 - General Physics 4
and
PHYS 1244 - General Physics 4

________________________________________________________________________

(OR)

________________________________________________________________________

PHYS 1624 - Mechanics, Wave Motion, and Heat 4
and
PHYS 2644 - Electricity and Magnetism and Optics 4

________________________________________________________________________

One year of a single foreign language.
Plus 7 additional hours
Selected from:

GEOS 3014 - Meteorology, Climate, and Climate Change 4
GEOS 3034 - Oceanography 4
GEOS 3424 - Geology of the Solar System 4
GEOS 3824 - Field Methods 4
GEOS 4034 - Petroleum Geology 4

All proposed changes are marked as such: deleted items are marked with a strikethrough line and new items are in bold and underlined. Italicized wording is justification or clarification from the proposing department/college.
GEOS 4134 - Applied Petroleum Geology 4
GEOS 4233 - Groundwater Hydrology 3

**GEOS 4644 – Paleoecology 4**

**GEOS 4694 - Mass Extinctions and Global Change 4**

GEOS 4734 - Hydrology 4
GEOS 4844 - Environmental Geophysics 4

14. Dr. Brown Marsden made a motion to adopt the following undergraduate course and catalog changes. Dr. Zuckweiler seconded and the motion was adopted. (closed)

**Course Catalog Changes:**

**New Course Addition – Effective Fall 2023**

Course Prefix: **MENG**
Course Number: **2212**
Course Title: **Engineering Computation**
Prerequisite(s): **MATH 1634**
Description: This course is an introduction to the use of MATLAB and Excel. Two parts are included in this course. The two parts are the Computational Tools and Engineering Applications. This course provides a detailed introduction to the computational techniques, numerical methods, and computational tools used by engineering students. This course include study of the fundamental of numerical computations and analyses through the use of MATLAB and Excel. MATLAB can be used for math computations, modeling and simulations, data analysis and processing, visualization and graphics, and algorithm development. Excel can be used for related calculations, graphing tools, axis tables, and programming language.

Lec/Lab Hrs: **2(2-0)**
Type of Course: **Lecture**
Course Objectives: **Students will learn:**
1. **Computing Tools**
2. **Excel Fundamentals**
3. **MATLAB Fundamentals**
4. **MATLAB Programming**
5. **Plotting Data**
6. **Finding the Roots of Equations**
7. **Matrix Mathematics**
8. **Solving Simultaneous Equations**
9. **Numerical Integration**
10. **Optimization**

All proposed changes are marked as such: deleted items are marked with a strikethrough line and new items are in bold and underlined. Italicized wording is justification or clarification from the proposing department/college.
15. Dr. Brown Marsden made a motion to adopt the following undergraduate course and catalog changes. Dr. Lopez seconded and the motion was adopted. (closed)

Change of Course Number and Prerequisite:

Course Prefix: MENG  
Course Number: 2133 **1123**  
Course Title: Engineering Economics  
Prerequisite(s): **MATH 1233**

Description: The time value of economic resources such as cash flow diagrams, simple and compound interest, present worth, future worth, equal payment series, and the economic evaluation of engineering projects.  
Lec/Lab Hrs: 3(3-0)  
Type of Course: Lecture  
Course Objectives: Students will learn:

1. Introduction, terminology, basic concepts  
2. Economy factors, single payment, present and future worth  
3. Combining factors  
4. Nominal and effective interest rates  
5. Economic evaluation of engineering projects via basic analysis tools.
16. Dr. Zuckweiler made a motion to adopt the following graduate course and catalog changes. Dr. Lopez seconded and the motion was adopted. (closed)

Academic Council items from Graduate Council – March 2022

List of items by program, with details below:
   1. Course Inventory/Catalog Changes – GEOS
      a. GEOS 5643 (new course addition)
      b. Catalog changes for GEOS
   2. Catalog Changes to Admissions & Academic Information
   3. Foreign credential evaluation requirements and process

GEOS 5643 (new course addition)
Course Title: Environmental Applications of Microfaunal Analysis
Course Prerequisite: None
Course Description: This course focuses on the application of macrofaunal analysis to environmental science problems. Topics include the identification and systematics of aquatic and marine microfauna; the use of microfauna as bioindicators; statistical analysis and ecological, biogeographic, climatic, and oceanographic interpretations of faunal assemblages; field and lab methodological procedures.
Lecture/Lab Hours: 3(2-2)
Course Objective: Upon completion of the course students will be able to:
   • Recognize the main groups of microfauna used in (paleo)environmental analysis and their environmental significance
   • Identify and perform the proper field and laboratory procedures for collecting, processing, and analyzing microfaunal specimens
   • Conduct appropriate statistical analysis of microfaunal assemblages and interpret their results in ecologic and environmental context

17. Dr. Zuckweiler made a motion to adopt the following graduate course and catalog changes. Dr. Killion seconded and the motion was adopted. (closed)

Catalog Changes - GEOS

Geosciences, M.S.

Approved Courses – 31 semester hours

Thirty-one semester hours of approved courses including:
   **BIOL 5012 – Scientific Writing**
   GEOS 6001 - Graduate Seminar in Geosciences (must be taken 4 times)
   GEOS 6983 - Thesis I
   GEOS 6993 - Thesis II

All proposed changes are marked as such: deleted items are marked with a strikethrough line and new items are in bold and underlined. Italicized wording is justification or clarification from the proposing department/college.
24. **19** semester hours of GEOS courses approved by advisor (of which 6 semester hours may be approved 3000/4000 level courses taken for graduate credit).

18. Dr. Zuckweiler made a motion to adopt the following graduate course and catalog changes. Dr. Watson seconded and the motion was adopted. (closed)

Catalog Changes – Admissions & Academic Information Effective Fall 2022

Graduate Degrees Offered
The following master’s and doctoral degrees are offered at Midwestern State University:
Doctor of Education
  - Major offered in Educational Leadership
Master of Arts
  - Majors offered in Biology, Clinical Mental Health, English, History, Human Resource Development, and Psychology
Master of Arts in Criminal Justice
  - Major offered in Criminal Justice
Master of Business Administration
  - Major offered in Business Administration
Master of Education
  - Majors offered in Curriculum and Instruction, Educational Leadership, Special Education, and Sport Administration
Master of Health Administration
  - Major offered in Health Services Administration
Master of Professional Studies
  - Major offered in Professional Studies
Master of Science
  - Majors offered in Biology, Computer Science, and Geosciences
Master of Science in Exercise Physiology
  - Major offered in Exercise Physiology
Master of Science in Nursing
  - Majors offered in Family Nurse Practitioner and Family Psychiatric Mental Health Nurse Practitioner
Master of Science in Radiologic Sciences
  - Majors offered in Radiologic Administration, Radiologic Education, and Radiologic Radiologist
Assistant Graduate minors are available in Biology, early childhood education, educational foundations, English, History, Instructional Design and Technology Minor, Mathematics, Special.

All proposed changes are marked as such: deleted items are marked with a strikethrough line and new items are in bold and underlined. Italicized wording is justification or clarification from the proposing department/college.
Educations, Sport Administration, Teacher Leadership, and Training and Development. The Robert D. & Carol Gunn College of Health Sciences and Human Services offers a Health Services Administration Graduate Certificate, a Post-Master’s Family Psychiatric Mental Health Nurse Practitioner Certificate, and a Post-Master’s Family Nurse Practitioner Certificate. The West College of Education offers programs leading to certificates for Superintendent, Principal, Diagnostician. The Prothro-Yeager College of Humanities and Social Sciences offers graduate 5 certificates in English-Professional and Technical Communication, English-Literary Studies and History. The Gunn College of Health Sciences and Human Services offers graduate certificates in Computed Tomography, Health Services Administration, Magnetic Resonance Imaging, and Mammography, as well as a Post-Master’s Family Nurse Practitioner Certificate and a Post-Master’s Family Psychiatric Mental Health Nurse Practitioner Certificate. The West College of Education offers a Post-Master’s Educational Diagnostician Certificate and a Post-Master’s Principal Certificate. The Prothro-Yeager College of Humanities and Social Sciences offers graduate certificates in English-Literature and Language Studies, English-Professional Studies, and History.

Graduate Faculty Requirements Appointments to the Graduate Faculty originate at the department level in consultation with the graduate coordinator, and then are taken to the dean of the college, the Dean of the Dr. Billie Doris McAda Graduate School, and the Provost for final approval. In order to qualify for the Graduate Faculty, a faculty member must hold a terminal degree or have a demonstrated competency in lieu of the degree, which, in turn, must be documented by the department, and be a productive, creative scholar. The department’s Graduate Council representative, the department chair, the college council, and the dean of the college have the responsibility to see that these standards are met. Their recommendations, upon approval of the dean of the college, will be forwarded to the Dean of the McAda Graduate School and the Provost. Graduate Faculty status has three levels of membership: Full Graduate Faculty, Associate Graduate Faculty, and Adjunct Graduate Faculty. Further explanation of these appointments may be found in the Midwestern State University Operating Policies and Procedures Manual, OP 42.01 Graduate Faculty Requirements and Procedures at https://msutexas.edu/human-resources/policy/3.1-facultypolicies/3.147-Grad_Fac_Requrement.asp https://public.powerdms.com/MidwesternState/tree/documents/2223724.

How to Apply for Graduate Admission In order to participate in graduate level studies at Midwestern State University, a candidate must be accepted by the Dr. Billie Doris McAda Graduate School and the candidate’s intended program. The requirements for the Graduate School are listed below. Consult the specific program section of the catalog for program requirements. Please note, students may meet the Graduate School requirements for admission, but not meet the program requirements. Prospective students are encouraged to contact the Graduate School and visit our website at http://msutexas.edu/graduateschool for current requirements.

Course Numbers Graduate courses are designated by 5000- and 6000-level numbers. Some 3000- and 4000-level courses can be taken for graduate credit with college approval. Some 3000- and 4000-level courses
All proposed changes are marked as such: deleted items are marked with a strikethrough line and new items are in bold and underlined. Italicized wording is justification or clarification from the proposing department/college.

courses can be taken for graduate credit with college approval. The last digit of a course number indicates the semester hour value of the course. *
*Exception: NURS 4910 last two digits indicate 10-hour course. *Exception: NURS 4910 – The last two digits indicate a 10-hour course.

In the course description, the three numbers below the horizontal line indicate (1) the credit value of the course in semester hours, (2) the number of lecture hours each week, and (3) the number of laboratory hours each week. For example, 4(3-2) indicates a four-semester-hour four-semester-hour course which meets for three hours lecture and two hours laboratory each week for one semester.
A number in parenthesis parenthses immediately below the course hours indicates a former catalog number for the same course.

Course Changes, Drops, and Withdrawals
Dropping a Course. After late registration, a student should visit with the instructor and/or the advisor to see if dropping the course will affect the time to degree. If a student drops a course without consulting the instructor or advisor, the student takes full responsibility for any delay in the degree progression. A student athlete, must contact the Athletics Office prior to dropping a class. A student athlete must contact the Athletics Office prior to dropping a class. A student athlete must contact the Athletics Office prior to dropping a class. An international student must contact the Global Education Office prior to dropping a class. To drop the course, the student logs in to WebWorld and selects the action in the drop-down menu. Voluntary Withdrawal from the University. A student who desires to withdraw from the University will contact the Student Rights and Responsibilities Office Student Affairs Office by the deadline. Following an exit interview, the student will be issued a copy of the withdrawal form, and the Student Rights and Responsibilities Office Student Affairs Office will process the paperwork with the necessary University offices.

Assistantships
Graduate students must be enrolled to be eligible for an assistantship. For assistantships during the Summer, graduate students must be enrolled for at least one (1) credit hour, or have been enrolled during the preceding Spring semester, or have been unconditionally accepted for enrollment in the following Fall semester. See https://msutexas.edu/humanresources/student-employment-policy https://public.powerdms.com/MidwesternState/for specific requirements regarding Summer enrollment.
19. Dr. Zuckweiler made a motion to adopt the following change to the Foreign Credential Evaluation Requirements and Process. Dr. Lopez seconded and the motion was adopted. (closed)

**Foreign Credential Evaluation Requirements and Process**

Graduate Catalog text regarding foreign credential evaluations:

*A bachelor’s degree from a regionally accredited institution. The McAda Graduate School must receive an official transcript, including one on which a bachelor’s degree is posted, directly from each institution the applicant has attended. International graduate student applicants must submit a course-by-course credential evaluation with GPA that includes verified transcripts. MSU strongly prefers the WES ICAP evaluation, but will accept a comparable evaluation from an NACES member.*

Graduate Council agreed to pilot test the file reader approach to foreign credential evaluation for a period not to exceed one year. This pilot test requires waiving current admissions requirements in the Graduate Catalog (highlighted above) and is brought to Academic Council for its review and action.

Adjournment:
   There being no other business, the meeting was adjourned at 2:32 p.m.

Respectfully submitted,
Melissa Boerma
Assistant to the Provost
