

The BAAS Degree with Human Services Concentration

The Human Services Concentration prepares individuals to meet human needs through an interdisciplinary knowledge base. Focusing on prevention, as well as remediation of problems, graduates will help improve the overall quality of life of the serviced populations. The multi-disciplinary coursework combines a general foundation of human services theory, work application, and academic coursework for students at entry level or those currently working in social services, governmental agencies, institutional and community-based corrections, child welfare systems, and nonprofit and health service agencies.

Occupational Specialty - 24-39 semester hours, and any additional hours necessary to meet the 120-hour university requirement. Credits toward an area of coherent specialization may be earned from community colleges, this university and other senior institutions, workforce education, vocational or technical schools, armed forces schools, work experiences, and nontraditional learning experiences that can be equated to college credit. To qualify for work experience credit, a student must have 3 consecutive years of full-time employment within the last 6 years. A student may be awarded 2 hours of credit for each qualifying year of work experience related to the student's occupational specialty up to a maximum of 6 hours. Credit for nontraditional experiences is granted on the basis of evaluation by the Director and the BAAS staff utilizing the National Guide of the American Council on Education (ACE) and other appropriate publications. Documentation will be placed in the student's permanent file in the Office of the Registrar when the student has completed at least nine hours in the BAAS program.

Computer Science - 3 semester hours

[Academic Foundations and Core Curriculum - 42 semester hours](#)

The Human Services Concentration - 36 advanced semester hours

- [BAAS 4113 - Capstone Project](#) 3
