**Financial Aid Enrollment Status**

For financial aid purposes, graduate students are considered full-time when they are enrolled in six or more credit hours per semester and half-time when they are enrolled in three credit hours per semester. Graduate students who are enrolled in two or less credit hours per semester are not eligible for financial aid. Please note that post-baccalaureate non-degree-seeking students and students pursuing a graduate certificate are not eligible to receive financial aid.
Academic Enrollment Status
For fall and spring semesters, typical full-time enrollment for graduate students is nine or more credit hours. For summer sessions, typical full-time enrollment for graduate students is six or more credit hours. The maximum course load for a graduate student is sixteen credit hours for fall and spring semesters and six credit hours for summer sessions. Students in the Family Nurse Practitioner and Psychiatric Mental Health Nurse Practitioner programs are considered full-time when they are enrolled in six credit hours during fall and spring semesters. Graduate assistants are limited to a maximum of nine credit hours per fall and spring semester. If a graduate student is employed full-time, their recommended course load is three credit hours per semester.

Graduate Academic Performance Standards
Graduate degree-seeking students must maintain a GPA of 3.0 or higher to be in good academic standing and must have a cumulative GPA of 3.0 or higher to graduate. Post-baccalaureate non-degree-seeking students must maintain a GPA of 2.0 or higher to be in good academic standing. Graduate programs may have additional academic performance standards, so students should consult with their graduate coordinator or academic advisor about program-specific standards. A student who needs or wants to replace a grade may retake the class for which the grade was received once they have permission from their graduate coordinator.

Time Limit for Completion of a Graduate Program
All requirements for a graduate degree or certificate must be completed within a period of six years from the time of first enrollment in a graduate-level course, unless a shorter time period is specified by a graduate program. A proportionately longer period of time is granted for programs that require more than 36 graduate hours. Students who may be affected by this policy should contact their graduate coordinator for further details.

Course Drop Instructions
When registration is closed, students can use these instructions to drop a course before the drop deadline for a grade of W. Dropping a course after the drop deadline will result in a grade of F for the course. Visit msutexas.edu/busoffice/wd-schedule for drop deadlines. If a student needs to drop all their courses for the semester, they need to withdraw from the university by following the instructions on page 7.

1. Inform your academic advisor that you need to drop a course so they can determine how the drop will affect your time to degree completion. If you have a graduate assistantship or have been awarded any scholarships, your academic advisor can determine how they will be affected by the drop, as well.
2. If you have received financial aid, inform the Financial Aid Office that you need to drop a course so they can determine how the drop will affect your enrollment status and your financial aid award.

3. If you are a student athlete, inform Athletics that you need to drop a course.

4. If you are an international student, inform the Global Education Office that you need to drop a course.

5. Log into the Portal.

7. Click on Student, then Registration, then Add or Drop Classes.

8. If you see a message saying that you have a hold or holds on your account, click on View Holds to see which office or offices you need to contact about the hold or holds.

9. Each class for which you are registered will be listed. To drop a class, click the Action box for the class, select Web Drop/Delete, and click Submit Changes.

10. Click on Student Detail Schedule and review your schedule to ensure that you have dropped the class.

Withdrawal Instructions

If a student needs to drop all their courses for the semester and withdraw from the university, they need to follow these instructions before the drop deadline to receive a grade of W for the courses. Withdrawing from the university after the drop deadline will result in a grade of F for the courses. Visit msutexas.edu/busoffice/wd-schedule for drop deadlines. If a student is unable to withdraw themselves from the university due to medical or other reasons, only a person who has legal power of attorney for the student can withdraw the student from the university.

1. If you are a student athlete, inform Athletics that you need to withdraw from the university.

2. If you are an international student, inform the Global Education Office that you need to withdraw from the university.

3. Email student.affairs@msutexas.edu or visit the Student Affairs Office in Clark Student Center to initiate the withdrawal process.

4. Once a withdrawal slip is completed and signed, copies of the slip will be distributed to the Registrar’s Office, Business Office, and Financial Aid Office, and your academic advisor will be notified.

5. When you are ready, contact your academic advisor to determine your next steps for completing your degree or certificate.
