NURS 4861	Critical Competency Integration	1
NURS 4910	Critical Competency Integration Clin	10
		11 Hrs

Proficiency Exam Requirement - <http://mwsu.edu/academics/wpr/index>

All students seeking baccalaureate degrees must fulfill this requirement between the completion of their 60th and 90th semester credit hour; therefore, students who transfer in 90 credit hours or more must fulfill this requirement during their second long (fall or spring) semester enrolled in MSU either by enrolling in and passing English 2113: Composition Skills, or by passing the Writing Proficiency Exam. Each student's academic advisor and major program are responsible for making the student aware of the Writing Proficiency Requirement and the ways in which it can be fulfilled.
