

# MCCOY SCHOOL OF ENGINEERING

## Instructor Recommendation for Student Mentor

Date: \_\_\_\_\_ Student Name: \_\_\_\_\_ Mustangs # \_\_\_\_\_

The student listed above is applying for a mentor position for the Pathways Engineering Mentor Program. Students are required to obtain a faculty recommendation for the subject(s) they wish to tutor. We rely on faculty members to evaluate a tutor applicant's subject knowledge (passed class with an A), ability to communicate effectively, level of patience and flexibility, if known. Please take care in giving your approval to this student. ***If you prefer to send this recommendation directly to Deidre Frazier with confidential comments, please scan and email recommendation or return through inter-campus mail.***

If you have any concerns about this student, please contact me by email or phone.

In addition to this instructor recommendation, the student will be interviewed by the Academic Counselor Coordinator and will receive tutor training, if selected. Please contact me if you have questions at (940) 397-8981 or [deidre.frazier@msutexas.edu](mailto:deidre.frazier@msutexas.edu).

Please rate the student in regard to:	Excellent	Good	Fair	Poor	N/A
Knowledge of subject					
Communication skills					
Level of responsibility and reliability					
Concern for education (for self and others)					
Ability to communicate effectively					
Effective time management and study skills demonstrated					

I had this student in \_\_\_\_\_ please list course(s)

I would recommend this student as a Peer Mentor:
