British Studies Program/London-2019
Midwestern State University, along with its consortium partners, is excited to announce our study abroad program in London, England. Each year we will arrange for students to study in the heart of one of the most exciting cities in the world. Undergraduate as well as graduate level courses will be offered. All classes will be a six hour course with three hours awarded for lecture and three hours for individual research. Classes will be small and include a mixture of lecture, guest lecture, field experience, and individual research. Credit hours will be awarded by Midwestern State University and will be transferred to the student’s home institution. American faculty from Midwestern and consortium partners will direct each class and will be responsible for a student’s final grade.
