## Comp Study Update <br> Dr. Marilyn Fowlé

## Compensation and Classification Study for Midwestern State University

## Agenda

- Study Process
- Outreach Summary
- JAT Summary
- Salary Survey
- Pay Plan Structure
- Implementation

## Study Process

- Conducted outreach, which included orientation sessions and focus groups.
- Collect data from all employees.
- Reviewed information submitted by employees and supervisors regarding current work performed
- Developed classification recommendations based on the information and best practices.
- Assessed pay competitiveness compared to market peers.
- Developed new (recommended) compensation and classification structure.
- Created a draft report.

## Outreach Summary

- Employees widely cited the work environment, mission, stability, and benefits as positive characteristics.
- They were committed to serving students, appreciated the opportunity to grow and develop, and enjoyed the workplace environment and their co-workers.
- Employees expressed concerns with:
- Employees cited instances of different level positions which required highly similar work having inequitable pay differences relative to work performed.
- Employees generally cited that pay is better at other educational institutions.
- Employees felt that what you make in the beginning is where you stay.

## JAT Response Summary

- MSU had strong JAT participation.
- JATs were not only examined for specific duties, but were also analyzed based on factors such as Leadership and Working conditions.
- A graphical representation of the scores shows that the JAT results are highly reliable.
- All employees' JAT scores were considered for grading recommendation purposes.

## Salary Survey

- As is the common approach in compensation studies, a representative sample of benchmark positions (63) were submitted to the market for comparison.
- Data was received from 15 respondents, shown on the right and was adjusted for geographical cost of living differences.
- 2015 CUPA data was used for

## Salary Survey (cont.)

- When considering the public market:
- MSU is approximately 6.4 percent below the market minimum.
- MSU is approximately 2.0 percent below the market midpoint.
- MSU is approximately 0.6 percent above the market maximum.

## Current Pay Plan

- The pay plan is equitably designed with alternating range spreads and midpoint progression.
- The plan included lower level positions in the pay plan.

## Proposed Pay Plan

New structure recommendations include:

- Create one unified pay plan for employees
- Utilize uniform range spreads and midpoint progressions
- Add an executive sub-plan
- Accommodates a living wage at entry
