MIDWESTERN STATE UNIVERSITY

COUNSELOR'S GUIDE

2022-2023

A photograph of a modern university interior. The space features large, floor-to-ceiling windows that let in bright sunlight, creating long shadows on the light-colored tiled floor. In the foreground, there is a curved, light-colored sofa with a colorful geometric patterned backrest. Next to it is a small, round white table with a modern chair. In the background, there are glass doors and more windows looking out onto a green lawn. The overall atmosphere is bright, open, and contemporary.

ACADEMICS

INDIVIDUAL ATTENTION

At MSU Texas we are focused on helping students achieve their goals. Our professors love to mentor and teach, and they recognize that each student has his or her own goals and aspirations. With our small classes, students will not be lost in the crowd. In fact, professors will know each by name.

CREDIT BY EXAM POLICIES

Credit by examination may be earned through the College Board Advanced Placement Program (AP), proficiency examinations administered through the MSU college offices, the College Level Examination Program (CLEP) subject examination only, International Baccalaureate Program (IB) and the Defense Activity for Non-Traditional Educational Support (DANTES) standardized examinations. DANTES credit will not be accepted for business, speech, history, English, or foreign language courses.

MSU accepts up to 60 hours of credit by examination, limiting CLEP, DANTES, and proficiency exams to a maximum of 30 hours. MSU Admissions evaluates AP, CLEP, IB, and DANTES credit as transfer credit. MSU proficiency exams are posted to the student's academic record upon completion of nine semester credit hours at MSU.
