

Navigating Content

This tutorial shows how to navigate the Content tool in D2L. In the Content area, you can view and navigate course materials and activities. To access your content, from your course homepage, click on **Content** in the navigation bar.

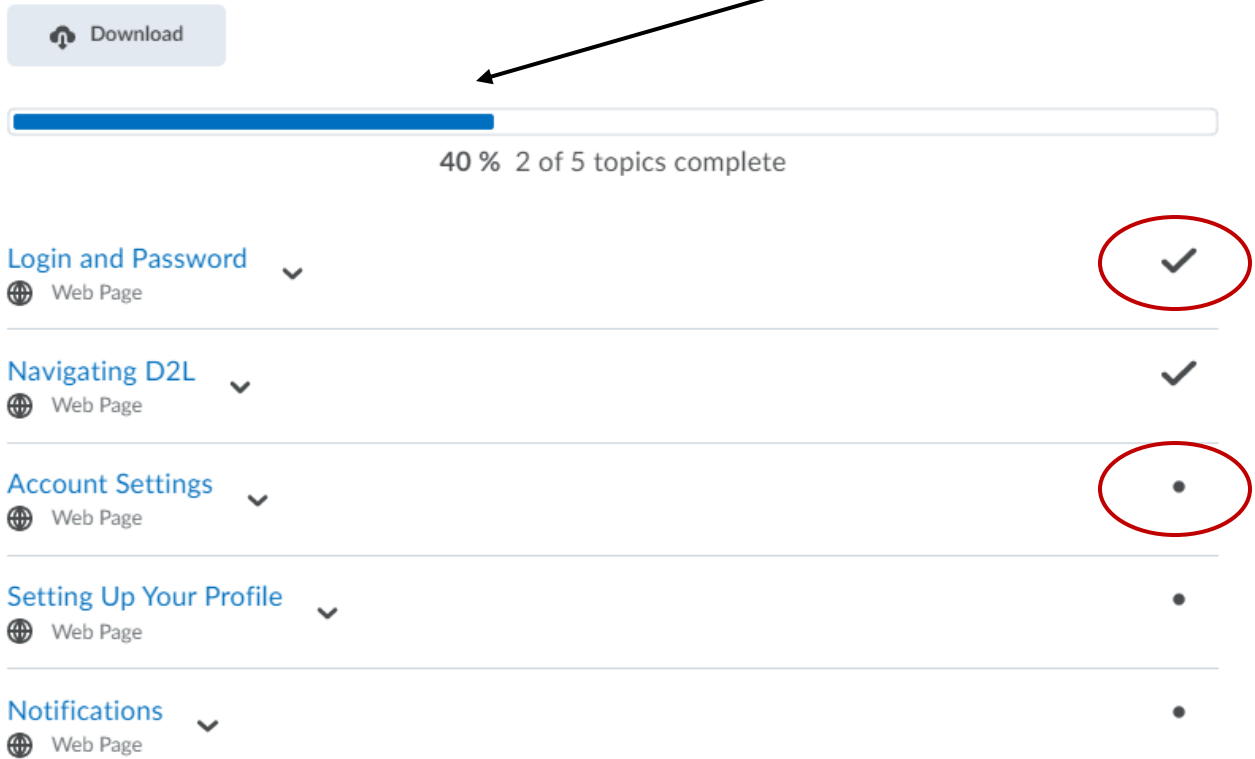

You can access the **course overview**, topics you have **bookmarked**, and **upcoming events** from within Content. You can quickly find topics using the search feature.

The Table of Contents panel is where you navigate and access course materials. The **number** beside each module title indicates how many incomplete items remain in the module. A **checkmark** indicates that you have completed the module.

Table of Contents	20
Read Me First	✓
Lesson 1: Navigation and Setup	5
Lesson 2: Content	2
Lesson 3: Assessments	4
Lesson 4: Communication	5
Lesson 5: Progress	3
Conclusion	1

Click on a module title to reveal a list of its topics in the display area. A **dot** beside a topic indicates you have not accessed it, while a **checkmark** beside a topic indicates you have completed it. The **progress bar** displays the number of topics and the percentage of the module you have completed.

The screenshot displays a course progress interface. At the top left is a 'Download' button. Below it is a progress bar showing 40% completion (2 of 5 topics complete). An arrow points to the progress bar. Below the progress bar is a list of five topics, each with a globe icon, a title, a 'Web Page' label, a dropdown arrow, and a completion status icon. The completion status icons are: a checkmark (circled in red), a checkmark, a dot (circled in red), a dot, and a dot.

Topic Title	Completion Status
Login and Password Web Page	Completed (Checkmark)
Navigating D2L Web Page	Completed (Checkmark)
Account Settings Web Page	Not Completed (Dot)
Setting Up Your Profile Web Page	Not Completed (Dot)
Notifications Web Page	Not Completed (Dot)

Click a topic's title to view it. You can click the **Bookmark icon** to add the topic to your Bookmarks area for future reading. Use **Previous and Next** to move between topics.
