

Tests - Question Library

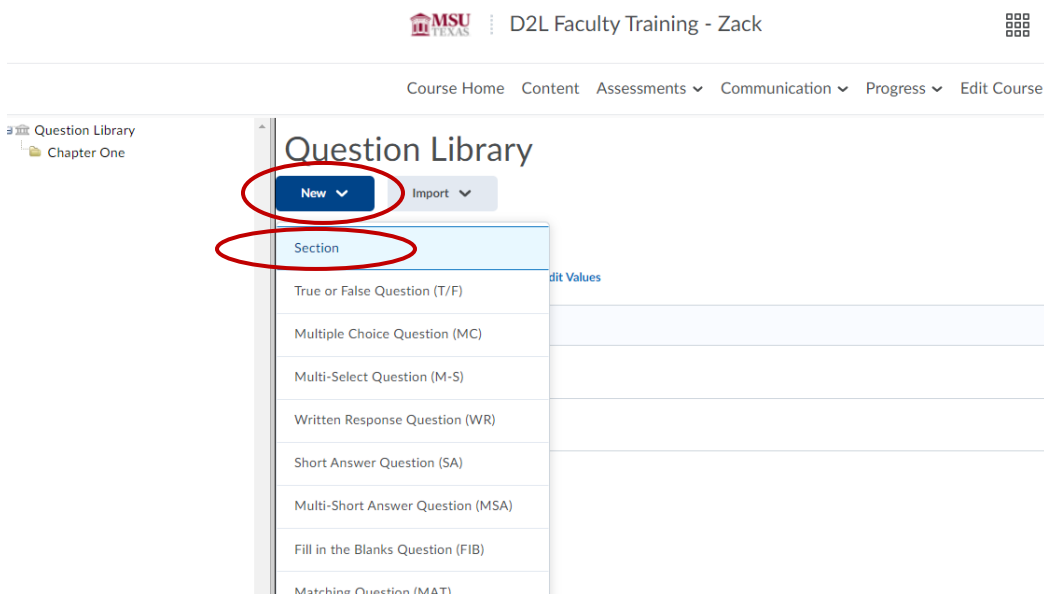

To create a question library, from your course homepage, click on **Assessments** and then **Tests**.

Choose the tab titled **Question Library**.

Click on **New** then select **Section**.

Give your section a title, something that indicates the subject matter. Select **Save** once finished.

You can now start adding questions. Click on **New** and then **pick the question type of your choice**.

If you already have a quiz inside the course, you can import question from that quiz. Click on **Import** then select **Browse Existing Questions**.

Locate the questions you want to add and **put a check next to them**. You can swap between quizzes using the **Source dropdown**. Click **Import** when finished.
