

## News Items

The News Item is a tool your instructor can and will use for making an announcement. It could range from introducing you to the course to giving you a heads up that a change has been made. They can even use it to remind you that a due date is coming up.

News Items are located on the Course Home page. Below is an example of what a news item could look like.

### Welcome to D2L Orientation for Students! ▾ ×

Posted Jun 12, 2020 11:54 AM

**Welcome!**

This course is designed to familiarize you with the navigation of D2L and share tips on how to be successful in an online course.

Begin by clicking on Content in the navigation bar above. Start with the Read Me First Module.

## Tips:

News Items will always be located on your Course Home page and will always be important information. Make sure that you read them carefully.
