Midwestern State University and Temple College have teamed up to help you advance your career as a health care professional. You can earn a Bachelor of Science in Nursing (BSN) degree with our concurrent enrollment program. While enrolled in Temple College ADN program, you are eligible to take one MSU Texas RN-BSN course at a time per semester of your ADN program. This specialized dual enrollment program allows students the opportunity to advance their education in a fraction of the time. Upon graduation from Temple College and passing NCLEX, you can complete the remaining BSN courses in as little as one semester.

### 2 YEAR PROGRAM

Nursing courses must be taken in the semester listed below:

**PREREQUISITES**
- BIOL 2401 Human Anatomy & Physiology I
- ENGL 1301 Composition I
- PSYC 2301 General Psychology

<table>
