It’s NEVER TOO LATE to complete your degree!

It’s the INVESTMENT of a LIFETIME

If the traditional path to a bachelor’s degree isn’t a fit for your busy life, one of our selective, innovative completion programs will set you on the path for career advancement and provide you with the resources to finish strong.

Conveniently located in Flower Mound, Texas, our student learning center is designed as a resource to aid today’s working adults as they complete their degrees—at both the bachelor’s and master’s levels. Our services and agreements with a number of community colleges also provide seamless transition from an associate to a bachelor’s degree.

BOOST YOUR EARNINGS POTENTIAL

According to the U.S. Bureau of Labor Statistics, full-time workers with a bachelor’s degree have substantially higher weekly earnings than workers who have only earned an associate degree. Continue your education and increase your earnings potential.

FAQs

What will transfer?
Our online guide shows how courses from more than 50 two-year colleges transfer to MSU Texas, and we update the guide annually for your convenience. Check your class equivalencies at msutexas.edu/admissions/equivalencies.

If I am a transfer student from another school, does my GPA start over at MSU Texas Flower Mound?
Yes, credits transfer, but the GPA starts over.

When will I know which credits transfer?
Upon acceptance to MSU Texas Flower Mound, you will receive an email that contains an attachment with instructions on how to access your transfer credits online.

How can I transfer my financial aid?
While you cannot transfer financial aid, you can transfer your FAFSA information to a new school by adding the new Title IV school code (found on page 2) to your FAFSA online.

Who is my advisor?
Upon completion of your application, you will meet with the student services coordinator who will assign your program advisor.
Admission Requirements

- Minimum of 18 transferable college-level credit hours. If fewer than 18 hours have been earned at the point of application, you must meet freshman admission requirements.*
- Cumulative 2.0 GPA on all transfer work.

*Programs at MSU Texas Flower Mound begin after most or all the core curriculum is met or certification has been achieved in a particular program.

What are the core requirements at MSU?
If you transfer from a Texas public community college or university and you are certified as core complete, you have satisfied the core curriculum requirements at MSU Texas. However, some academic departments may require specific courses as prerequisites for major coursework. For more information on core transferability, contact your academic advisor.

Writing Proficiency Requirement
MSU Texas requires all students seeking baccalaureate degrees to fulfill the Writing Proficiency Requirement between the completion of their 60th and 90th semester credit hour, either by passing the Writing Proficiency Examination or by enrolling in and passing ENGL 2113, Intermediate Composition and Grammar. Students transferring to MSU with more than 90 semester credit hours must take the Writing Proficiency Examination during their second long (fall or spring) semester at MSU and if necessary enroll in and pass 2113 in their third semester. Alternatively, they may choose to enroll in and pass 2113 in their first semester without attempting the examination.

Vaccination Requirement
All students must provide documentation that they have received a meningococcal (bacterial meningitis) vaccine or “booster” dose during the five-year period prior to but no later than 10 days before the first day of the first semester.

This requirement does not include:
- Students who are enrolled only in online courses or other distance education courses that never meet on campus.
- Students who are 22 years of age or older.

Learn more at msutexas.edu/healthcenter/meningitis.
Paying for COLLEGE

Estimated Tuition and Fees  
(Per semester credit hour unless noted)

RN-Transition Program  $299
Health Sciences Programs  $383
BAAS Program  $400
EC-3 Program (no textbooks)  $750/course
B.S. Substance Abuse  $375
B.S.Ed. Early Childhood/Care  $375

Other fees:
Security  $50/term

Scholarships for Transfer Students

Transfer students who submit a completed application by July 1 (for fall) or November 1 (for spring) are automatically considered for our general academic scholarships. Scholarships are only awarded to new students during the fall or spring semester. Students must be full time to receive scholarship awards.

- **Transfer Excellence**  
  $2,000 per year: Minimum 3.5 cumulative GPA

- **Transfer Achievement**  
  $1,500 per year: Minimum 3.0 cumulative GPA

- **Phi Theta Kappa**  
  $1,200 per year: Membership in PTK at previous institution; Stackable with other transfer merit scholarships

Award amounts based on full time enrollment. Learn more at msutexas.edu/admissions/scholarships.

Other Scholarship Opportunities

Our Office of Donor Services and Scholarships offers multiple opportunities for students who apply for and meet scholarship criteria. Scholarship amounts will vary based on funding and availability. Learn more at msutexas.edu/scholarships.

Lock in your tuition rate!

MSU Texas’ flat-rate tuition plan guarantees that you will see NO increases in tuition when you enroll for 12 consecutive semesters.
Online Bachelor’s Degree Concentrations

**Technology**

**>> Bachelor of Applied Arts & Sciences**

Our Technology concentration is designed to build the knowledge, skills, and abilities in a wide array of business applications. Courses in supply, industrial technology, logistics, safety, and manufacturing are offered.

**Criminal Justice**

**>> Bachelor of Applied Arts & Sciences**

Our criminal justice concentration provides students with the foundation to pursue options in the criminal justice career field. A combination of courses in law enforcement, political science, psychology, sociology, and social work prepare students already working in the field for career advancement. Employment opportunities include career fields such as federal, state, and local law enforcement, institutional and community-based corrections, and criminal investigations.

**Human Services**

**>> Bachelor of Applied Arts & Sciences**

Our human services concentration focuses on prevention, as well as remediation of problems, to help improve the overall quality of life of the serviced populations. Coursework combines a general foundation of human services theory, work application, and academic coursework for students at entry level or those currently working in social services, governmental agencies, institutional and community-based corrections, child welfare systems, and nonprofit and health service agencies.

**Human Resources Development**

**>>> Bachelor of Applied Arts & Sciences**

The Human Resource Development Concentration prepares individuals to work toward improving the performance of workers within industry or governmental sector. The multi-disciplinary coursework combines strategies in counseling, adult learning, and the integration of technology into the training and development process. A graduate would be prepared for a career in training and development for any industry. Those currently in the field will have acquired the foundation to further advance their knowledge and skills to be more effective in their roles as managers and trainers within their organization’s employee assistance, training, or employee development programs.

**Teacher Education**

**>> Early Childhood through Grade 3**

Our Bachelor of Science in EC-3, offered in a self-paced, competency-based education format, is the first of its kind in the state. As part of the Texas Affordable Baccalaureate program, there is a significant cost savings compared to traditional higher education. We will provide you the knowledge, skills, and abilities to become a critical thinker and problem solver—skills that will be valuable and stay with you even as the world around you changes.

**Kinesiology**

**>> Bachelor of Applied Arts & Sciences**

Our online concentration in Kinesiology is designed to build the knowledge, skills, and abilities for students seeking careers in sport-fitness management, sport coaching, and physical activity programming. Courses include human movement fundamentals, sports officiating, and coaching theory.

**Sport and Leisure Studies**

**>> Bachelor of Science**

Our new BS program with a major in Sport and Leisure Studies provides two options: a practitioner career track and a management track. The SPLS management track is oriented toward those seeking entry-level management positions in recreation, leisure, and sport.
Substance Abuse Counseling

>> Bachelor of Science

Our BS in Substance Abuse Counseling studies the root causes and contributing factors of addiction. This degree also prepares a student to be a Licensed Chemical Dependency Counselor with careers that include private practice, hospitals, mental health clinics, and rehabilitation facilities.

Nursing

>> RN to BSN

Our online RN Transition Program is designed to help licensed RNs who have an associate degree in nursing enhance their professional skills and increase their value to employers. MSU Texas’ Wilson School of Nursing is accredited by the Commission on Collegiate Nursing Education.

>> ADN to BSN

Through our community college partners at North Central Texas College, Dallas College, Tarrant County Community College, and Weatherford College, you can dually enroll and finish your Associate degree while starting BSN-level courses.

Radiologic Sciences

>> RT to BSRS

Our Bachelor of Radiologic Sciences degree is an online program designed for lateral and upward mobility for ARRT registered technologists or registry-eligible students who are unable to attend college on a full-time basis.

Respiratory Care

>> RRT to BSRC

Our Bachelor of Respiratory Care provides excellent opportunities for professional growth and development. The RRT-to-BSRC completion program is an online program dedicated to state-of-the-art instruction and meeting the needs of a diverse health care community.

Online FAQs

Are MSU Texas Flower Mound courses offered online?
The courses offered at MSU Flower Mound come in a variety of formats: online, traditional, and blended (online/traditional). The Nursing, Respiratory Care, and Radiologic Sciences programs are fully online.

Am I a good fit for online learning?
Students who excel in online coursework are generally organized, motivated, independent, and have good time-management skills.

Do I have to be a techie to take online classes?
It is helpful if you are generally good with computers. You should be able to send and receive information and communicate with others. You will need access to the internet, preferably with a high-speed connection. You should also have access to email and word processing software.

What technology is needed for online learning?
Online curriculum is offered through the D2L learning platform. For technical specifications for your computer, visit: msutexas.edu/distance/d2l-technical-requirements.
We are here to help you achieve your goals with the following resources.

**Career Management Center**
Develop professionally with mock interviews, job fairs, critiques of professional documents, and [msutexas.edu/career/mustangs-hire](http://msutexas.edu/career/mustangs-hire) (searchable job postings).
