Bonjour! Study in Tours, a lively university town in the center-west of France, often referred to as the Garden of France. It is the administrative center of the Indre-et Loire department and the largest city in the Centre-Val de Loire region of France. Tours stands on the lower reaches of the River Loire, and is known for its wines, and the quality of its spoken French. Popular with many is the medieval city center, where locals and visitors alike enjoy a relaxed environment and plenty of cafés. Connected by high-speed train (TGV), you are only about one hour from the heart of Paris.

Vive la Français

Through this program you will enhance your French language skills through tailored language courses and elective classes. For approximately one month, you will experience the French lifestyle with excursions, courses, and time spent with your host family in Tours. This program is offered by the Office of International Education in conjunction with the Institut de Touraine.

This program is also for students who may not be a language major or minor and can be substituted for elective credits. Although having some beginning level of French is preferred, students may take beginner classes.

The first block of classes will focus on general language and conversation, with the second block focusing on the elective of choice (literature, art, culture, profession, etc.). The MSU faculty administrator will continually be present to discuss student attendance, participation, and growth during the program.

Upon completion of the program, together with all students, you will depart Tours for a three-day/two-night guided tour of Paris, led by your faculty member. Each day, the guided tour usually lasts about half a day, and you will be free to explore Paris in groups at the conclusion of the tour.
