

BE #MSUREADY FOR A TORNADO

McCullough-Trigg Hall

Tornadoes are violently rotating columns of air that extend from a thunderstorm to the ground.

Looks like a funnel

Winds up to 200+ MPH

Can happen anytime

IF YOUR AREA IS UNDER A TORNADO WARNING, FOLLOW THESE PROCEDURES.

If you receive an MSU Alert or Tornado Warning, read all of the information.

Take your phone, keys, student ID, wallet, and wear close-toed shoes.

Stay away from windows and exterior walls.

Move to the most interior part of the building.

Residents on the 1st & 2nd floors: Seek shelter in the bathrooms within your room.

Residents on the 3rd, 4th, 5th, & 6th floors: Seek shelter in the hallways on the 2nd floor.

Wait until the all-clear is given or the warning is canceled or has expired.
