ADDENDUM ONE

February 14, 2018

Reference: RFP #735-18-8193 Audio Visual Classroom Upgrades

TO WHOM IT MAY CONCERN

The following questions were asked, please see answers below.

1. Has the VZ-3 camera been replaced by the VX3-neo? **The VZ3neo has replaced the VZ3.**
2. No model # for the Sony Blu-Ray. **Sony BD player is currently the BDP-S3500 however I believe this years' model is the BDP-S3700, so that can be substituted.**
3. Need a model # for the over-ear headphones. **LA-164 is the earphone. For reference, the matching receiver we use with this earphone is the LR-44.**
4. Need a model # for the Netgear switch. **Switch is a Linksys LGS116P 16port PoE unmanaged switch.**

If you have any more questions please contact.

Thank You

Steve Shelley
