ADDENDUM TWO (2)

RE: RFP #735-19-8214 HSHSC Furniture Bid Package (Movable Furnishings) (Response to Questions)

TO WHOM IT MAY CONCERN:

The following questions had been received prior to the last day for questions deadline and received the following responses (Questions are in **black**/responses are in **red**):

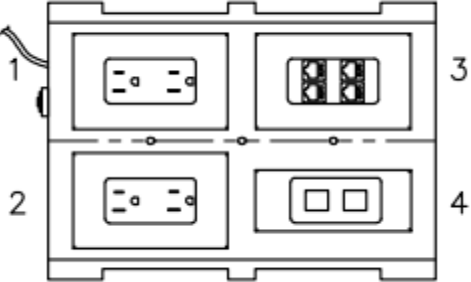

- Please email questions to tracy.nichols@msutexas.edu. This way they can be forwarded to the project managers for answers/clarification on specifications. No phone calls unless they are bid documents/requirements questions.
- Is it all or nothing or can we bid just some of the lines of furniture?
They can bid some lines of furniture, it is NOT all or nothing.
- CH-01B: Luster Grey MSL listed as finish. Not a finish option for this product. Metallic Silver?
Metallic Silver
- CH-16A: Matte Silver listed as finish. Not a finish option. Did you mean Metallic Silver? **Metallic Silver**
- CH-16B: Matte Silver listed as finish. Not a finish option. Did you mean Metallic Silver? **Metallic Silver**
- CH-16C: Matte Silver listed as finish. Not a finish option. Did you mean Metallic Silver? **Metallic Silver**
- T-03: Slate Gray White Oak is listed as laminate finish. Did you mean Slate Gray or White Oak?
Slate Grey (per Arcadia's website it is called out as Slate Grey White Oak, 18)
- T-16, T-17, T-20: We need clarification on the power details you are asking for on these conference tables.
Power at all tables needs to be daisy chained and hardwired into the building. There are poke throughs in the floor of each room. Provide wire management.

- Do all fabrics need to be sent for testing before submitting the bid? This can be a costly procedure for an unawarded bid. **We would prefer for fabric approvals to be submitted at this time so as to not delay order processing once bids are awarded.**
- Several fabrics that are specified are coming back as not approved. How would you like us to proceed with non-approved fabrics? We can price the items based on the fabric that is specified, and if awarded, find an approved comparable fabric. **Please notify us of the fabrics that are disapproved. Go ahead and price items based on the fabric that is currently specified and once project is awarded we will provide new selections so as to not hold up the bid process.**

Next 3 (three) pages are updated specification sheets for T-16, T-17, T-20 to limit confusion.

- For the Health and Science Furniture bid package I noticed someone asked for DWG files. Architect said they would only be release to successful bidder. However, there are several items on the bid as follows:

WK – 01

WK – 02

WK – 03

WK -04

WK -05

These items specified no sizes and fit to space. Without the files I am not sure how we will manage that. We either need file or more details about these line items.

We can provide the specifications for these workstations with the pricing redacted. So to ensure that each dealership is providing the same product. Please see the next 14 pages.

Sincerely,
Tracy Nichols
