ADDENDUM THREE (3)

RE: RFP #735-19-8215 Utility Tunnel Repairs - A Tunnel

TO WHOM IT MAY CONCERN:

The following questions had been received prior to the last day for questions deadline and received the following responses (Questions are in **black**/responses are in **red**):

- For Pipe Rehabilitation/Cleaning/Televising:
- What are the approximate lengths and sizes to be rehabilitated on the project?
- What type of rehabilitation will be used on the pipes? If it's
- Cured-in-Place Pipe (CIPP) lining, will it be heat-cured or light-cured?
- Will the pipes be cleaned and/or televised before and after rehabilitation?
- What are the lengths and sizes of the pipes to be cleaned and/or televised?
- How much is the cost estimate of the project?
- Do you have any further details you wish to provide?

Response: Repair to any pipes is NOT part of the scope. No budget, but less is better.

Thank you,

Tracy Nichols
