**ADDENDUM TWO (2)**

RE: RFP 735-20-4326 Sunwatcher Magazine Printing & Magazine Services

TO WHOM IT MAY CONCERN,

The following questions had been submitted and received the following responses.

- Would it be possible for you to send a recent-past mailing list with redacted names for our review to better provide the estimated postage costs for you? [As per the RFP Section 6.1, No sample list will be provided for bid purposes.](#)

**Please note the following update:**

Both Aqueous and UV gloss are acceptable on the front cover only. Printers using the UV coating will need to omit the coating in the area where the magazine will be addressed. These changes to the specifications supersede the specifications in the RFP and Addendum 1 regarding the front cover coating.

Regards,

Joseph J. Mrugalski Jr.
