ADDENDUM ONE (1)

RE: RFP 735-21-4354 Provide/Install Garaventa Model X3 Stairway Lift

TO WHOM IT MAY CONCERN,

The following question has been submitted and received the following responses.

- Can I contact you to schedule a site visit to do an actual measure of the stairway and show your electrician location for power? I have copied the Electrical Superintendent on this note so he can see what day works best for him and let you know. I do not necessarily need to meet with you, but can send you a map of the campus so you can find the location.

***Please note: When a location for power is determined, an addendum will be posted informing ALL potential respondents.

Attached is a map showing "Hardin South" on the northeast portion of the campus. Enter through the east door as the Welcome Center and follow the corridor to your right until you reach a set of stairs. These stairs are the ones in the bid document photos. Lift to be mounted on north wall (to your right).

Please remember to acknowledge this addendum on the Addenda Checklist.

Regards,

Joseph J. Mrugalski Jr.
