ADDENDUM TWO (2)

RE: 735-22-8229 MSU South Hardin Admin Building Restroom Renovation

Pre-bid meeting notes:

The pre-bid sign in sheet is on the webpage as a separate link.

1. Will there be a BAFO (Best and Final Offer) on this bid? No, there will not be a BAFO.

2. What is the type of floor access is there? After investigation, there is a crawl space to access the plumbing. It is located in the Custodial closet of the Women’s Restroom. It is an approximately 4-foot crawl space.

Please note for the response to the RPF:

1. Contractors are required to provide an approximate estimation of the project completion. Since we realize there may be lead times that can delay construction, this date should be from the time that materials are received and work can begin to the completion of the project.

Please remember to acknowledge this addendum on the Addenda Checklist.

Regards,

Tracy Nichols, CTCD, CTCM.
