**Important Information**

**Choice of Benefit**
It is possible to be eligible for more than one benefit, so research each benefit carefully as some decisions are **irreversible**. Some veterans are eligible for Chapters 30 and 33. A veteran may choose Chapter 30 for the entitlement of 36 months. Once it is fully exhausted, the student may apply for Chapter 33 benefits and may receive an additional 12 months of that benefit. If a student chooses Chapter 33 before exhausting Chapter 30, the student will only receive the time left on Chapter 30 as Chapter 33 (no additional 12 months will be added). If you need more assistance on selecting the best benefit, visit [va.gov/education/gi-bill-comparison-tool/](http://va.gov/education/gi-bill-comparison-tool/) or call the VA at (888) 442-4551.

**Transfer of Entitlement (ToE) or Transfer of Education Benefits (TEB)**
Eligibility of service members to transfer their benefits to their spouse or dependent(s) must first be determined by the Department of Defense. More information can be found at [va.gov/education/transfer-post-9-11-gi-bill-benefits/](http://va.gov/education/transfer-post-9-11-gi-bill-benefits/)

**Kickers**
Students who are paid under Chapters 30 and 1606 will be paid more if the student opted to contribute more than required in the enlistment contract. This might be referred to as the Army College Fund or the Navy Sea College Fund.

**Enrollment Verification**
Students receiving Chapter 33 benefits and enrolled greater than half time and students receiving Chapters 30 or 1606 benefits are required to report monthly enrollment to the VA. Failure to verify may cause your monthly benefits to stop. Find out how to verify your enrollment based on your Chapter at: [va.gov/education/verify-school-enrollment/](http://va.gov/education/verify-school-enrollment/)

**VA Work Study**
The VA allows students who receive federal VA benefits to work in the MSU Office of Veterans Affairs. Students must be enrolled in 3/4 time or greater and meet the minimum GPA requirements (2.000 for undergraduates; 3.000 for graduates). It is a great opportunity for those who would like to learn more about VA benefits and gain experience working in an office environment. If you are interested, please contact us to find out if any positions are available at this time.

**Tuition and Fees**
We report eligible, in-state tuition and fees to the VA after deducting tuition for any ineligible classes, ineligible fees, and any aid awarded for the sole purpose of defraying tuition and fees.

For Chapters 31, 33, and Hazlewood, you are responsible for any remaining balance after benefits have been applied to your account. For all other VA benefits, you must make payment arrangements with the MSU Business Office as your benefit stipend may not reach you before the payment deadline. Failure to take care of tuition and fees may result in classes being voided, and you will no longer be registered for classes.

Please contact the MSU Business Office to make payment arrangements or for information about payment deadlines. You can reach them at (940) 397-4101 or [bus.office@msutexas.edu](mailto:bus.office@msutexas.edu).
Certification Process
After submitting all required background documentation, the next step to utilize VA and/or Hazlewood benefits is to notify the MSU Office of Veterans Affairs that you wish to use your benefits. If you are using federal benefits only, you will do this by completing a Benefit Request Form. If you are using Hazlewood only, you will do this by completing a Hazlewood Application. If you utilize a federal benefit and Hazlewood, you must complete a Benefit Request Form and a Hazlewood Application. **You must submit a Benefit Request Form and/or Hazlewood Application for each semester that you wish to use benefits.** Please complete this form once you have registered for the semester. You can find the Benefit Request Form and Hazlewood Application at:

- Benefit Request Form: msutexas.campuslabs.com/engage/submitter/form/start/558808

We begin certifying benefits approximately 1-2 weeks before the first day of class. For Chapters 31, 33, and Hazlewood, you should see your benefits in your TouchNet account by the 12th class day of the semester. You are responsible for any remaining balance on your account. For all other VA benefits, you will receive a monthly stipend from the VA around the beginning of the month. The VA pays in arrears, so you must make payment arrangements with the MSU Business Office as you may not receive a VA stipend until the month after classes have already begun.

Below are some ineligible classes and fees. Please be aware that this is not a comprehensive list.

- Developmental or remedial courses unless required based on TSI requirement
- Courses not required for your degree program as outlined in the university catalog
- Repeated courses unless required based on degree program
- More than two physical activity courses
- Out of state tuition (students are responsible for the difference between in and out of state tuition)
- Various other fees, to include:
  - Courseware fees and taxes
  - Housing/meal plans
  - Late registration fees
  - Payment plan fees

Changes and Updates
If you add classes to your schedule on or after the first day of the semester and wish to use benefits toward the new classes, you must notify the MSU Office of Veterans Affairs. Failure to notify us could result in delays or underpayment of benefits. Notify us of schedule additions using our VA Class Schedule Additions form: msutexas.campuslabs.com/engage/submitter/form/start/559822

We will receive notice from the Office of the Registrar if you drop classes or withdraw from a semester. We will modify your VA certification, and the VA will determine if they will pay for dropped classes or withdrawn enrollment. If the VA chooses not to pay, you will be responsible for the corresponding tuition and fees.
