A course is designated as an Academic Seminar when it includes a curriculum emphasizing undergraduate research and creative activities at MSU. Faculty of Academic Seminar courses will introduce students to basic research terminology and skills relevant to the discipline, and students will be required to attend 1) a guest lecture emphasizing inter- and multidisciplinary research or creative work early in the semester, and 2) a research or creative presentation (such as Celebration of Scholarship) later in the semester. This course will be restricted to freshmen and sophomores.

\*This course use supplemental Desire2Learn (D2L).
