

F2F = courses are fully face to face and will meet in their regularly scheduled rooms but will utilize social distancing and an assigned seating chart, as well as some course information through D2L.

HYBRID = courses will use face to face and ONLINE or virtual instruction through D2L.

ONLINE = courses designed and delivered as traditional ONLINE courses; will use D2L for posting syllabi, communication, schedule, attendance, gradebook, course materials, office hours, and testing.

VULNERABLE = course delivery modified to provide accomodation for vulnerable faculty which may include a significant virtual component with course modality communicated to each student individually.

The syllabus of each class will describe the level of interaction for both face-to-face and ONLINE (or other remote technology) instruction.
