A.— Policy

It is the policy of Midwestern State University that any unlawful manufacture, possession, delivery, or use of a controlled substance or illegal drug, including a prescription drug without a valid prescription, by an employee on university-controlled premises, is prohibited. (Also see Policy 4.476, Drug-Free Schools and Campuses Drug Prevention Program and Policy 4.412, Alcoholic Beverages.)
A. General

Therefore, provided here for the benefit of each student and employee, are standards of conduct, and legal and disciplinary sanctions for unlawful possession or distribution of illicit drugs and alcohol abuse.

3. Penalties for drug possession are governed by the Texas Health and Safety Code, Chapter 481, Texas Controlled Substances Act. Specific penalties may vary depending on the type and amount of drug.

D. Disciplinary Process/Responses

1. All students and employees are expected and required to obey the law, to comply with Midwestern State University institutional rules and directives issued by an MSU administrative official in the course of his/her authorized duties. Any student or employee who engages in conduct that is prohibited by MSU rules or by federal, state, or local law is subject to either discipline or appropriate personnel action.

2. Guidelines and procedures regarding the MSU judicial system and disciplinary sanctions are included in the MSU Student Handbook.

E. Health Risks

Drug and alcohol use, misuse, and abuse are complex behaviors with many determinants at both the cultural and the individual levels. Awareness of the deleterious effects of any drug/alcohol is imperative for an individual's well-being and survival.

F. Negative Consequences

Negative consequences of drug and alcohol abuse may be exhibited through:

1. Physical Dependence (the body's learned requirement of a drug for functioning). Abuse of any drug or alcohol whether licit or illicit may result in marginal to marked and temporary to permanent physical and/or psychological damage, even death. Since many of the illicit drugs are manufactured and sold illegally, their content varies and may contain especially harmful ingredients or amounts.

   - Psychological Dependence (the experience of persistent craving for the drug and/or a feeling that the drug or alcohol is a requirement for functioning).

   a. Regardless of the type of drug or alcohol utilized, a perceived need for the continued use is likely to ensue, resulting in dependence.

   b. Dependence on drugs and/or alcohol alters the user's psychological functioning. The acquisition of drugs and alcohol becomes the primary focus of the drug dependent individual and often results in reduced job performance, and jeopardized family and other interpersonal relationships. Criminal behavior is frequently the means for financing a drug habit. Behavior patterns often include violence and assault as the individual becomes increasingly drug/alcohol dependent. Social and psychological alienation and medical problems increase as the abuser becomes entrapped in drug/alcohol dependence.
